**VII. Open Forum**

**Mayor Johannesen explained how Open Forum is conducted, asking if anyone would like to come forth and speak at this time.**

**Melba Jeffus  
2606 Cypress Drive  
Rockwall, TX 75087**

**Mrs. Jeffus came forth and expressed many concerns related to 'short-term rentals' (i.e. "Air B&Bs"), a topic which she stated she had previously come to Council about a year ago to discuss. She shared that she previously expressed to the Council that Rockwall needs to form a committee to create guidelines to regulate short-term rentals in our city. She does not believe a committee has been formed, thus far, and she is very concerned about these sorts of properties. She shared that she found many, many listings today when she "Googled" "short-term rentals, VRBO and Air B&B Rockwall" earlier today. She does not want our city to find itself in the same position as cities such as Dallas and Plano have found themselves in. She urged the city council to appoint a committee to evaluate establishing regulations.**

**Lonnie Herbst  
1509 S. Alamo  
Rockwall, TX 75087**

**Mr. Herbst came forth and also discussed concerns about short-term rentals in the City of Rockwall. The one located at 1400 Ridge Road, which overlooks several homes and the neighborhood below, just opened last week, and already there have been several calls made to the police. He shared that his entire neighborhood is now essentially an amphitheater (loud music). He shared that if regulations are not put in place soon to delineate how short-term rentals operate, how many people can occupy them, etc., additional issues will arise. When this particular short-term rental is being occupied, it is lit up like a Christmas tree, he stated, and – overall – the property is unkept. He believes this will begin to adversely affect his neighborhood more and more, including diminishing home values and tearing up families. He believes this particular short-term rental "on steroids" will very much adversely impact his home and his neighborhood.**

Stan Jeffus  
2606 Cypress Drive  
Rockwall, TX 75087

Mr. Jeffus came forth and shared concerns about short-term rentals. He would like to see some sort of regulations and some sort of plan put into place to address these types of properties. He generally has concerns about trash/littering as well as traffic, noise and other things that are undesirable.

Marvalee Barrett  
1511 S. Alamo Road  
Rockwall, TX 75087

Mrs. Barrett shared that her home is directly behind and beneath the short-term rental that recently opened on Ridge Road. She has a lot of concerns, including this potentially being a 'party house' and having a large metal structure out back that already has a lot of things inside of it. Her daughter's windows are right nearby, and her driveway is as well. She will greatly appreciate the Council taking a deep look into these concerning issues.

Judy Dickson  
205 Meadowdale  
Rockwall, TX

Mrs. Dickson shared she has three short-term rentals within a block of her house. She believes that they pose a security concern, and – also – when someone purchases a home, they have certain rights. She generally expressed the belief that these short-term rentals are essentially commercial establishments that serve as hotels. She believes that short-term rentals infringe on property owners' rights, and they directly impact surrounding neighbors. She posed some questions to council related to short-term rentals and then generally urged Council to do what's best to manage and support our existing residents in our city.

Joy Bounds Murphy  
209 Tanya Drive  
Rockwall, TX 75087

Mrs. Bounds came forth to speak about short-term rentals ("Air B&Bs"). She indicated that eight or nine years ago, she and others came to Council to discuss Dan Bobst and his wife, who she indicated the "Central Appraisal District tax rolls" currently show to have 100% ownership of the property at 1400 Ridge Road. Staff clarified that Mr. Bobst recently sold the property; however, the ownership information shown on the Central Appraisal District website has not yet been updated to reflect the home having recently changed ownership. Mrs. Bounds pointed out that years ago, Mr. Bobst wanted to sell this home and have an office building with multiple layers of parking and huge lights built. With that proposal at the time, the lights would have been very bright and concerning, but it would have been an office building that would only be open during the day. Now, the issue has escalated into a 'party house' being established that is open seven days a week. She shared that she has lived in this same home on Tanya for forty years, and she is one of many generations of her family who have lived in Rockwall. Families move here to Rockwall to put their children in our schools, and they desire it to be a safe environment. However, short-term rentals pose a problem, and she and others are very concerned about these rentals (in particular the one by her own home). She is especially concerned about the pickleball court at 1400 Ridge Road, however, it is not the main problem. She likes to go outside and look at the stars and the moon for spiritual reasons, and she knows and loves her neighbors. She expressed that she and her neighbors have 'rights,' and they

deserve to have safety and security. She went on to pose a series of questions to Council, encouraging them to think about the questions she has vocalized (specific to the short-term rental (that she called a “vacation home” and a “party barn”) that has opened up at 1400 Ridge Road). She urged Council to ‘vote against’ this proposal (the short-term rental at 1400 Ridge) as well as its pickleball court. She urged Council to put ordinances in place to establish guidelines for vacation rental properties and protect the community. Doing so now, instead of delaying action, will put us in bad positions.

**William Childs**  
1611 S. Alamo  
Rockwall, TX 75087

Mr. Childs intended to ask what the City is doing to regulate short-term rentals. Apparently the city is doing nothing to regulate them. Just in his area (S. Alamo), he has two short-term rentals directly across from him, in addition to the one at 1400 Ridge Road (“the party house,” he stated). The homes in this area range anywhere from \$400k to \$1 million + in value. The short-term rental industry is growing, so these issues are only going to get worse. There is a direct correlation between short-term rentals and crime due to renters being part of the ‘transient community.’ He believes properties like this bring crime, including drugs. He has studied this issue and knows that problems related to short-term rentals are not unique to Rockwall – they are happening all over the country. He briefly spoke about City of Plano banning short-term rentals for one year, pointing out that that city was 100% reactive. Peers around our city are taking action and doing things. He encouraged our city to lead these charges because now is the time to act. He implored the Council to act now and do something to regulate short-term rentals. Short-term rentals come with delinquent, criminal behavior, and not taking action now will be very costly to the City.

Mayor Johannesen shared that it is not fair to say the City of Rockwall has done ‘nothing’ thus far. He went on to share that the city has discussed these concerns in the past. At that time, however, the city attorney advised the Council to wait to see what the Texas State Legislature does pertaining to these sorts of properties. So, the city has been looking into and watching these matters.

**Erica Lyle**  
1603 S. Alamo  
Rockwall, TX

Mrs. Lyle shared that her home is in earshot of the ‘amphitheater’ that is located at 1400 Ridge Road (the short-term rental that was recently established). She has been before Council many times over the twenty-five years she has lived here. She believes we live in an amazing country, state and city, and she believes she and others would like to keep our city ‘a great place.’ She believes that having short-term rentals anywhere in Rockwall is a bad idea, but she is especially concerned about the “party barn” that looks down over her back yard. She thanked Council for thinking about these concerns and for looking for solutions.

**Stephan Kelley**  
206 Tanya Drive  
Rockwall, TX 75087

Mr. Kelley shared that a couple of his neighbors are here tonight (and have already spoken). He is a newcomer to this city, and he believes certain things – such as a high achieving school system – have attracted new residents to move into our city. He urged Council to think about what attracts (essentially) desirable residents and what might attract not-so-desirable residents. He urged Council to take steps to ensure our city remains a desirable community.

Paulette Weddle  
1601 S Alamo Road  
Rockwall, TX 75087

Mrs. Weddle shared that, during the week, the short-term rental is charging what equates to about \$25/night for each of the 16 people who might rent/occupy the one located at 1400 Ridge Road. She went on to share the 'house rules' that are specified associated with renting 1400 Ridge Road, pointing out that they state renters should respect the home/the rental itself (but it says nothing about respecting neighbors). She shared that she and her other neighbors are not going to quit fighting the issue of 'short-term rentals.' She does not know if there is a way to stop this particular short-term rentals, but – if not – she at least urged the City to establish strict regulations on them. (i.e. no noise after 10 PM).

There being no one else wishing to come forth and speak at this time, Mayor Johannesen closed Open Forum.

Mayor Johannesen thanked the speakers this evening for sharing their input, indicating that Council will be considering their concerns.

#### VIII. Take Any Action as a Result of Executive Session

Mayor Pro Tem Campbell moved to appoint Ben Lewis and Brandon Litton to fill vacant seats on the city's Historic Preservation Advisory Board (HPAB) (each will have a term that runs through August of 2025). Councilmember Lewis seconded the motion, which passed by a vote of 7 ayes to 0 nays.

**FROM: Misty Farris, Purchasing Agent**  
**DATE: October 16, 2023**  
**SUBJECT: Purchase of Audio and Recording Capability, Rockwall Municipal Court**

---

The City Council approved an ordinance to make Rockwall Municipal Court a “Court of Record”. This project provides the audio recording capability required by law for a “Court of Record”. Microphones will be installed for the Judge, Defense Attorney, City Prosecutor, Gallery, and Witness stand. There will also be two wireless mics and two lapel mics. This solution also provides the capability to record proceedings, archive the recordings, and retrieve said recordings if needed. Transcription would be necessary if an appeal is filed, but that would be handled outside this technology.

Installation and Hardware

**Total: \$37,692.40**

The City Council is asked to consider approval of the Purchase Order for the purchase and installation of the proposed audio and recording solution from Avsant. The pricing for this project is from the State of Texas Buyboard CO-OP Contract #644-21. This project was included in the 2023-2024 budget.

## MEMORANDUM

---

**TO: Mary Smith, City Manager**

**FROM: Amy Williams, Director of Public Works/City Engineer**

**DATE: October 12, 2023**

**SUBJECT: Proposed 2024 Sanitary Sewer Condition Assessment**

---

The strategic plan associated with the City's Capacity, Management, Operations, and Maintenance (CMOM) Plan presented to the EPA requires the City to complete a condition assessment of the sewer system within ten years. To develop this strategic initiative, staff and the firm that worked on the CMOM took the information from the flow monitoring study conducted in the spring of 2015. The study was divided into 37 basins that were ranked depending on how much inflow and infiltration was detected in rain events.

The strategic initiative consists of a condition assessment of evaluating the basins that scored the lowest score in the study first. In 2023 - 2024, the wastewater division proposes to complete a condition assessment of three basins with a total of 112,730 feet of pipe with 375 manholes. The Professional Services Contract for the sanitary sewer condition assessment cost \$162,600.00. The funds are available in the water and sewer operating budget, sewer line repair and replacement. Assessments of these basins will include:

- Manhole inspections
- Smoke testing
- Dye flooding
- Cleaning (City)
- CCTV (City)
- Analysis of any defects
- Mapping
- Cost estimates for repair or rehab
- Data collecting
- Final report

Staff requests the City Council consider authorizing the City Manager to execute a contract with Pipeline Analysis LLC for the Sanitary Sewer Assessment in the amount of \$162,600.00 to be paid from the Water and Sewer Fund.

## Detailed Scope of Services

The purpose of this project is to perform a condition assessment on a portion of the City of Rockwall wastewater collection system and identify system defects that contribute to wet weather infiltration/inflow. The following summarizes the project tasks and approach to the project:

### **TASK 100 MOBILIZATION**

Mobilize project team and coordinate startup. Establish personnel assignments and responsibilities. Inventory equipment needs and order expendable supplies. Review all relevant existing materials, previous reports, etc. developed for or by the City of Rockwall.

#### *Deliverable:*

1. Delivery of equipment and personnel
2. Work maps with delineated boundaries

#### *To Be Provided by City:*

1. Previous studies for the service area to be investigated
2. Sewer maps
3. Previous inspection data, where available
4. Access for placement of equipment and personnel
5. Copies of all applicable reports, maps and historical data for the study area at no cost to ENGINEER
6. As-built drawings, sewer key maps, street plans, electronic aerial photographs if available and if requested at no cost to ENGINEER

### **TASK 200 MANHOLE/PIPE INSPECTION**

Manholes can be a significant source of extraneous infiltration/inflow and thereby reduce system wet weather capacity. For this reason, each manhole within the study area is inspected. For the study area designated, field inspection crews will perform an inspection of manholes. The data gathered during this phase of the project will be used to prioritize manholes for rehabilitation and establish the base data necessary to accurately determine mainline sewer rehabilitation alternatives and costs. Other important deliverables resulting from this work task are the updating of the collection system map, determination of debris levels in pipes and verification of pipe sizes. This information is critical in preparing subsequent rehabilitation plans, cleaning requirements to restore capacity and updating of the system maps.

Inspection personnel will use digital cameras during the inspection of all manholes on this project. All photographs will be included in the field inspection computer database so that a permanent electronic record can be maintained. During inspection, each of the following types of information will be obtained to establish the condition and prioritize least cost repairs:

1. Study Area Designation
2. Manhole/Cleanout ID
3. Inspection Status (buried, could not locate, no access, etc.)
4. Address and Sub-meter GPS coordinate (x,y) of manhole
5. Surface cover, grade, type of cover (paved, yard, etc.)
6. Material of construction – brick, concrete, etc.
7. Area and Internal photo of manhole
8. All incoming and outgoing pipe depths from rim to invert
9. All incoming and outgoing pipe digital photographs
10. Outgoing pipe length
11. Defects – Active, Evidence or No Infiltration/Inflow with digital photographs
12. Field corrections to collection system map

Upon completion of the manhole inspection, a condition assessment will be prepared for inclusion in the final report that will include:

1. Documentation with summary of field observations
2. List of manholes/lines requiring repair/rehabilitation
3. Digital photos
4. Documentation for preparing manhole rehabilitation quantities
5. Field updated map(s)
6. Prioritized Manhole Repair Recommendations and Cost Estimates

*To Be Provided by City:*

1. Current collection system map
2. Access (if requested) to manholes that are buried or could not be opened.
3. Assistance in locating assets (if requested)

*Measurement of Payment:*

Payment for this work task shall be a unit price for each manhole documented. Those manholes that are located, but buried or could not be opened will be noted and a list provided to the City. Manholes that could not be located using metal detectors or probes will be listed as Could Not Located (CNL). CNL manholes will not be billed. The City will provide replacement covers at no cost should a cover be broken while attempting opening.

## **TASK 300      SMOKE TESTING/PUBLIC AWARENESS/DATA ENTRY & ANALYSIS**

Smoke testing will provide detailed information on wet weather inflow sources for the study area. In order to identify defects in the lines, a non-toxic smoke will be forced into the sewer by high-capacity blowers. Data documentation includes measurements from two permanent points and will be sufficient to establish the location of each defect and determine the best repair method and priority. Color digital photographs will be taken to document each defect during the smoke test.

Forty-eight (48) hours prior to testing, door hangers will be used to notify residents. A local telephone number will be provided for those individuals with questions or for anyone requiring special assistance. Each day the fire department will be notified of the crew location since smoke may enter homes through defective plumbing.

### *To Be Provided by City:*

1. Review and approval of Notice to Residents
2. Letter of introduction to be carried by field crews
3. Previous City smoke testing data, if any

### *Deliverables:*

1. Defects listing and database
2. Defect location sketch
3. Digital photographs
4. Smoke Notification Flyers and Notification of Residents
5. Priority ranking of defects (both private and public sector)
6. Repair methods and estimated costs

**Review  
Draft**

## **SMOKE TESTING NOTICE TO RESIDENT**

For the next few days, inspection crews will conduct a physical survey of the wastewater collection system. Pipeline Analysis will perform this study, which involves opening manholes in the streets and backyard utility easements. Information gained from this study will be used to repair and improve the wastewater collection system.

One important task of the survey will be **smoke testing** of sewer lines to locate breaks and defects in the system. During this testing, white smoke will exit through vent pipes on the roofs of homes and through sewer line breaks. **The smoke is non-toxic, leaves no residue, and creates no fire hazard.** The smoke should not enter your home unless defective plumbing exists or drain traps are dry.

If you have seldom-used drains, please pour a gallon of water in the drain to fill the drain trap. This procedure will help prevent the possibility of smoke entering your living areas through those drains.

Field crews will perform testing of all sewers in the area. **At no time will field crews have to enter your business or residence.**

Your cooperation is appreciated. Should you have any additional questions concerning this study or if you desire special assistance, please phone:

## **PRUEBAS DE HUMO AVISO A LOS RESIDENTES**

Para los próximos días, los equipos de inspección llevará a cabo una inspección física de la red de alcantarillado. El Análisis de Pipeline Company, LLC llevará a cabo este estudio bajo contrato con la ciudad de Rockwall. El proyecto consiste en la apertura de pozos en las calles y servidumbres domésticas de servicios públicos. La información obtenida de este estudio se utilizarán para reparar y mejorar el sistema de recolección de aguas residuales.

Una tarea importante de la encuesta serán las pruebas de humo de líneas de alcantarillado para localizar roturas y defectos en el sistema. Durante esta prueba, el humo blanco saldrá a través de tubos de ventilación en los techos de las casas y por medio de saltos de línea de alcantarillado. El humo no es tóxico, no deja ningún residuo, y no crea ningún peligro de incendio. El humo no debe entrar a su casa a menos que exista o plomería defectuosa sifones están secos.

Si ha utilizado muy pocas veces-piso, lavabo, bañera o ducha desagües, por favor, vierta un litro de agua en el desagüe para llenar el sifón. Este procedimiento le ayudará a prevenir la posibilidad de humo introducción de sus áreas vivas a través de los desagües.

El personal de campo se realizan pruebas de todos los desagües de la zona. En ningún momento desplegar los equipos tiene que introducir su negocio o residencia.

Su cooperación es apreciada. Si tiene alguna pregunta adicional sobre este estudio o si desea recibir asistencia especial, por favor llame al:

## **Task 400      Dye Flooding**

Pipeline Analysis staff will provide a listing of recommended location(s) for dye water flooding. Dye water flooding can be anticipated to assist in the locating of specific defects during CCTV inspection of specific defects. Non-toxic dye may be introduced as a powder or liquid. Cross-connections, roof drains and area drains that are suspected of being connected to the sanitary sewer may be positively identified using the dye tracer procedure. Internal CCTV inspection, while the dye flooding is taking place, will determine the exact source of the 'cross-connection'.

### *To Be Provided by City:*

1. Cleaning and CCTV crew
2. Water for dye flooding
3. Coordination with Pipeline Analysis

### *To Be Provided by Pipeline Analysis:*

1. Locations for dye water flooding
2. Liquid or powder dye for use by the City
3. Field Forms to be used to document results
4. Documentation of results

## **TASK 500 & 600 PREPARATORY CLEANING AND CCTV INSPECTION**

Task 500 and 600 will be performed by City crews. Pipeline Analysis staff will prepare a detailed listing of line segments recommended for cleaning and CCTV inspection. Preparatory cleaning shall consist of hydraulic jet cleaning to facilitate the internal CCTV inspection. The City of Rockwall staff will perform this phase of the work in coordination with Pipeline Analysis.

### *To Be Provided by City:*

1. Preparatory cleaning of CCTV pipe segments
2. CCTV inspection of recommended pipe segments
3. Provide CCTV video including:
  - a. Date inspected

## **TASK 700      ADMINISTRATION AND PROJECT MANAGEMENT**

This task includes internal project administration and oversight including scheduling, budget, quality assurance and control meetings and reporting. The project schedule will be reviewed and milestones for the completion of each task will be assigned. The project schedule will be reviewed and updated monthly to ensure that all tasks are completed in a timely and organized fashion.

Management work items include:

1. Field crew supervision and project planning
2. Obtain initial maps for field use and verification
3. Prepare cleaning, CCTV and dye flooding documentation for City
4. Prepare monthly billings
5. Schedule equipment and order supplies

Major system deficiencies that are identified during the field inspections that if corrected would result in significant reduction in I/I or is deemed to be of a safety concern will be recorded and forwarded as soon as possible to City's designated project manager. Likewise, should City undertake a major repair within the study area, they will immediately notify ENGINEER to determine the impact on data analysis.

### *Deliverables:*

1. Monthly invoice
2. Status reports
3. Project schedule and updates

### *To Be Provided by City:*

1. All reports or materials deemed necessary by ENGINEER and identified during the course of the project that is not specifically stated above will be provided at no additional cost to the ENGINEER

## **TASK 800      DEFECT ANALYSIS/ REHABILITATION PLAN/FINAL REPORT**

This project will generate a considerable amount of data that will require proper entry and quality control. Data collection will include the following:

1. All collected defect data will be correlated between sources to address duplicate defects that were identified by different testing methods. Identify duplicate defects to ensure multiple rehabilitation methods are not recommended for the same defect.
2. Much of the baseline data required for rehabilitation decision is gathered during the normal course of field investigations. For example, "area photos" are taken of each manhole in the direction of the outgoing pipe. This photograph not only shows the location of the manhole but also provide data on the line cover and easement conditions.
3. Rehabilitation recommendations will consider the best repair for the particular asset (manhole, pipeline, etc.) being rehabilitated. A long-term least-cost solution may have an initial higher cost, but provide a higher level of service and lower operating and maintenance cost. The supporting data will be provided in electronic format.

### *To Be Provided by City:*

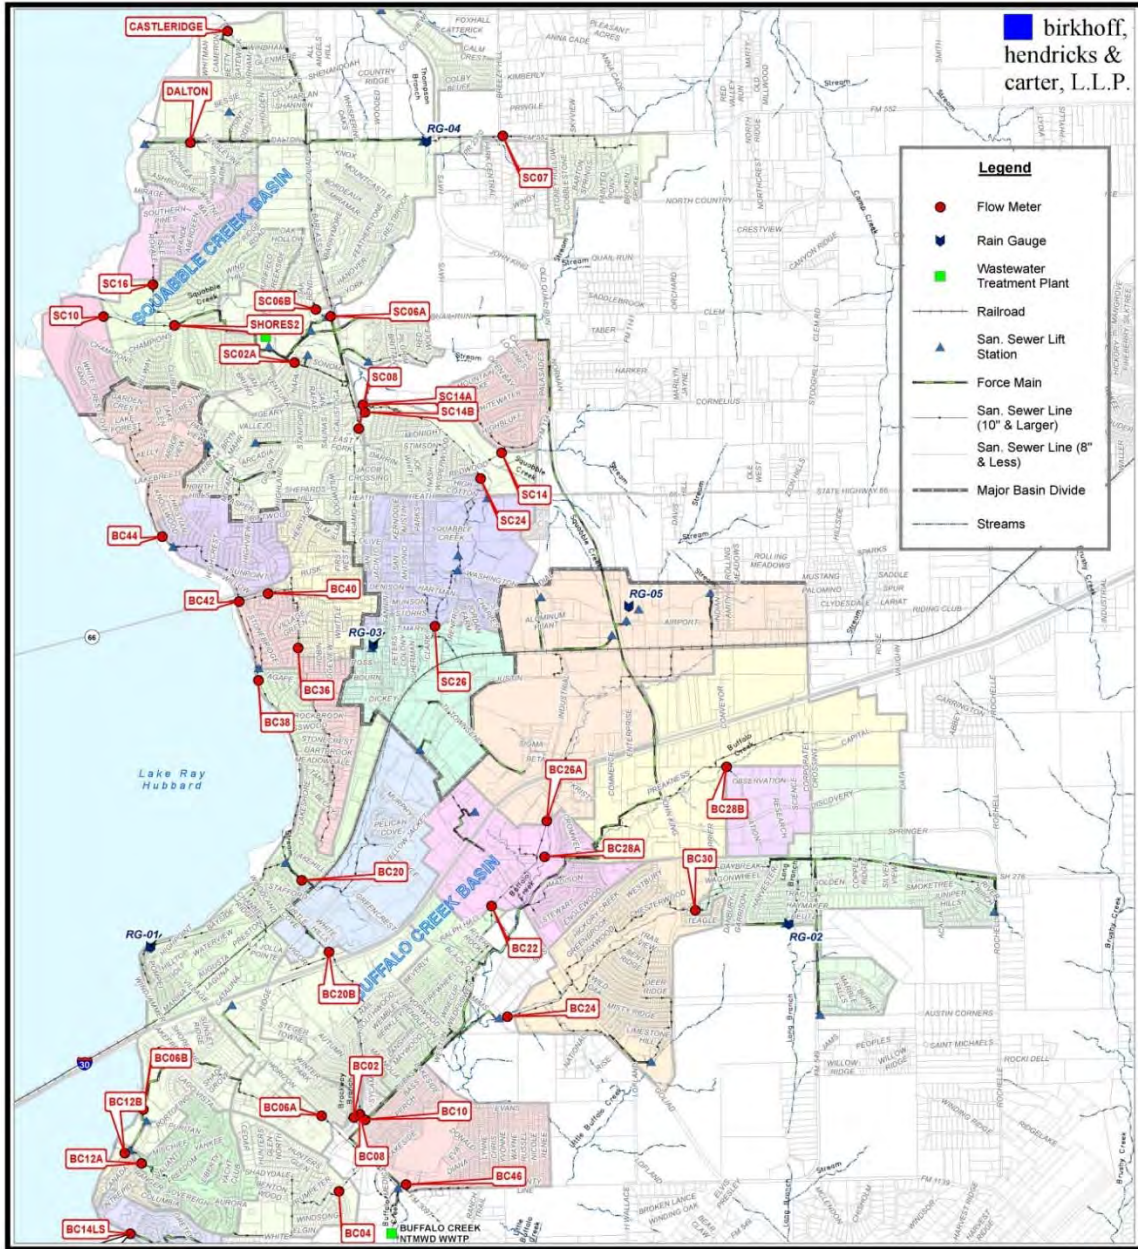

- Complaint records and SSO database
- Review and comments on rehabilitation methods, cost estimates, and alternatives
- Engineer will provide electronic files of the City corrected GIS maps in ArcGIS. The City will have the final authority to accept the changes and update their master GIS map files.

Prepare and submit a Final Report that includes the following:

- Executive Summary
- Description of all tasks
- Manhole and pipe inspection summary/inventory
- Manhole defect summary
- Pipeline defect summary
- Service lateral defect summary
- Smoke test data summary
- Dye Flooding and CCTV data summary
- Recommendations and Cost Estimates for Private and Public sector repairs

Prepare and submit three (3) Final Reports and electronic database.

**TO:** Mayor and City Council  
**DATE:** October 16, 2023  
**APPLICANT:** Cari Foote; *CFPC Investments, LLC*  
**SUBJECT:** Z2023-045; *Amendment to Planned Development District 50 (PD-50)*

---

On September 15, 2023, the applicant, Cari Foote of CFPC Investments, submit an application requesting that Planned Development District 50 (PD-50) be amended to allow the *General Personal Service* land use through a Specific Use Permit (SUP). **According to the applicant's letter**, the intent of the request is to allow for a greater variety of tenants within Planned Development District 50 (PD-50). According to Article 13, *Definitions*, of the Unified Development Code (UDC) the definition of the *General Personal Service* land use is an "(e)stablishment primarily engaged in providing services generally involving the care of the person and/or his/her apparel including but not limited to barber and beauty shops, dressmaking, shoe shining, dry-cleaning and laundry pick-up stations, tailor or seamstress, and salons/health clubs." Planned Development District 50 (PD-50) is a highly restrictive zoning district that was originally created to allow the residential properties along N. Goliad Street [*SH-205*] the flexibility to convert to a live/work or non-residential land use permitted within the Residential-Office (RO) District. Over the years, the zoning district has been amended to add land uses that are not typically permitted within the Residential-Office (RO) District (*e.g. Antique/Collectable Sales, Banquet Facility, and/or Animal Clinic for Small Animals*) on a *case-by-case* basis through a Specific Use Permit (SUP). In reviewing the **applicant's** request, staff acknowledges that not all of the potential land uses permitted under the *General Personal Services* land use may not be appropriate within the district, and -- *that by allowing this land use through a Specific Use Permit (SUP)* -- the Planning and Zoning Commission and City Council retain discretion to determine if a particular use is in character with the district.

As the proposed zoning case involves modifying the land uses permitted within Planned Development District 50 (PD-50), staff has notified all property owners and residents within the Planned Development District. In addition, staff mailed out notifications to all property owners and occupants within 500-feet of the boundary of Planned Development District 50 (PD-50), **and to all Homeowner's Associations (HOAs)** within 1,500-feet of the boundaries of the district (*i.e. Lakeview Summit, The Preserve, and Caruth Lakes Homeowner's Associations*). This was done in accordance with the requirements of Subsection 02.03(A), *Notice of Public Hearing*, of Article 11, *Development Applications and Review Procedures*, of the Unified Development Code (UDC). Of the 378 notices mailed, staff has received three (3) notices in opposition and two (2) notices in favor of the **applicant's** request. On October 10, 2023, the Planning and Zoning Commission approved a motion to recommend approval of the Zoning Change by a vote of 6-0, with Commission Odom recusing **himself**. Should the City Council have any questions, staff will be available at the meeting on October 10, 2023.

**TO:** Mayor and City Council

**DATE:** October 16, 2023

**APPLICANT:** Javier Silva; *JMS Custom Homes, LLC.*

**CASE NUMBER:** Z2023-046; *Specific Use Permit (SUP) for a Residential Infill for 715 Sherman Street*

### SUMMARY

Hold a public hearing to discuss and consider a request by Javier Silva of JMS Custom Homes, LLC on behalf of Ruben Fragoso of RSR Capital, LLC for the approval of a Specific Use Permit (SUP) for *Residential Infill Adjacent to an Established Subdivision* for the purpose of constructing a single-family home on a 0.22-acre parcel of land identified as Lot C, Block 112, B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 52 (PD-52) and Single-Family 7 (SF-7) District, situated within the Southside Residential Neighborhood Overlay (SRO) District, addressed as 715 Sherman Street, and take any action necessary.

### BACKGROUND

According to the City's annexation ordinances and the 1934 Sanborn Maps, the subject property was platted as part of the B.F. Boydston Addition prior to 1959 and after 1934. Per the City's historic zoning maps, the subject property was originally zoned Commercial (C) District as of January 3, 1972. Between this date and December 7, 1993, the subject property was rezoned from a Commercial (C) District to a Single-Family 7 (SF-7) District. The subject property has been situated within the Southside Residential Neighborhood Overlay (SRO) District since its inception on June 3, 1996 by *Ordinance No. 96-12*. The subject property is currently vacant.

### PURPOSE

The applicant -- *Javier Silva* -- is requesting the approval of a Specific Use Permit (SUP) for the purpose of constructing a single-family home on the subject property in accordance with Subsection 02.03(B)(11), *Residential Infill in or Adjacent to an Established Subdivision*, of Article 04, *Permissible Uses*, of the Unified Development Code (UDC).

### ADJACENT LAND USES AND ACCESS

The subject property is addressed as 715 Sherman Street. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property are seven (7) single-family residential lots (*i.e. 614, 703, 705, 707, 709, 711 & 713 Sherman Street*) that are zoned Single-Family 7 (SF-7) District. Beyond this is E. Boydston Avenue, which is classified as a *Minor Collector* on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

South: Directly south of the subject property is a 1.1209-acre parcel of land (*i.e. Lot G, Block 112, B.F. Boydston Addition*) that is vacant and owned by Rockwall Habitat for Humanity. Beyond that is S. Clark Street, which is identified as a R2 (*i.e. residential, two [2] lane, undivided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

East: Directly east of the subject property is a 7.00-acre tract of land owned by the Dallas-Garland & Northeastern Railroad. Beyond that is S. Clark Street, which is identified as a R2 (*i.e. residential, two [2] lane, undivided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

West: Directly west of the subject property is a 1.1209-acre parcel of land (i.e. Lot G, Block 112, B.F. Boydston Addition) that is vacant and owned by Rockwall Habitat for Humanity. Beyond this is a vacant 0.11-acre parcel of land (i.e. Lot 2, Block 1, Lamar Street Habitat No. 1 Addition) also owned by Rockwall Habitat for Humanity. West of this is a 0.459-acre parcel of land (i.e. Lot 2, Block G, Sanger Addition) owned by the St. Paul African Methodist.

**CHARACTERISTICS OF THE REQUEST AND CONFORMANCE TO THE CITY’S CODES**

Article 13, *Definitions*, of the Unified Development Code (UDC) defines *Residential Infill in or Adjacent to an Established Subdivision* as **“(t)he new development of a single-family home or duplex on an existing vacant or undeveloped parcel of land or the redevelopment of a developed parcel of land for a new single-family home or duplex within an established subdivision that is mostly or entirely built-out.”** An *established subdivision* is further defined in Subsection 02.03(B) (11) of Article 04, *Permissible Uses*, of the UDC as **“...a subdivision that consists of five (5) or more lots, that is 90% developed, and that has been in existence for more than ten (10) years.”** In this case, the subject property is located within the B. F. Boydston Subdivision, which has been in existence more than ten (10) years, consists of 137 residential lots, and is more than 90% developed. The *Permissible Use Charts* contained in Article 04, *Permissible Uses*, of the UDC, requires a Specific Use Permit (SUP) for *Residential Infill in or Adjacent to an Established Subdivision* in all single-family zoning districts, the Two-Family (2F) District, the Downtown (DT) District, and the Residential-Office (RO) District. This property, being within an established subdivision, requires a Specific Use Permit (SUP).

In addition, Subsection 02.03(B)(11) of Article 04, *Permissible Uses*, of the UDC states that, **“...the Planning and Zoning Commission and City Council shall consider the proposed size, location, and architecture of the home compared to the existing housing ... [and] (a)ll housing proposed under this section [i.e. Residential Infill in or Adjacent to an Established Subdivision] shall be constructed to be architecturally and visually similar or complimentary to the existing housing ...”** The following is a summary of observations concerning the housing within close proximity of Sherman Street compared to the house proposed by the applicant:

Housing Design and Characteristics	Existing Housing on Sherman Street in a Close Proximity to the Subject Property	Proposed Housing
Building Height	One (1) Story	One (1) Story
Building Orientation	All of the homes are oriented toward Sherman Street.	The front elevation of the home will face Sherman Street.
Year Built	1974-2020	N/A
Building SF on Property	980 SF – 2,942 SF	2,712 SF
Building Architecture	Single Family Homes	Comparable Architecture to the surrounding Single-Family Homes
Building Setbacks:		
Front	20-Feet	20-Feet
Side	6- feet	6- Feet
Rear	10-Feet	30-Feet
Building Materials	Brick and Siding	Siding
Paint and Color	Red, Yellow, White, Brown	N/A
Roofs	Composite Shingles	Composite Shingle
Driveways/Garages	Driveways all front the same street the single-family home faces. Homes consist of front-facing garages or no garages.	The garage will be attached and located approximately 11 ½ feet in front of the front façade.

According to Section 04, *Residential Parking*, of Article 06, *Parking and Loading*, of the Unified Development Code (UDC), **“(i)n single-family or duplex districts, parking garages must be located at least 20-feet behind the front façade for front entry garages ...”** In this case, the applicant’s proposed garage is oriented approximately 11½ feet in front of the front façade of the proposed single-family home; however, staff should point out that this is not atypical for this area or properties located within the Southside Neighborhood Residential Overlay (SRO) District. A waiver to the garage orientation is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission. If this Specific Use Permit (SUP) request is approved by the Planning and Zoning Commission and City Council, the garage setback requirement will be waived. With the exception of the garage orientation, the proposed single-family home meets all of the density and dimensional requirements as stipulated by the Unified Development Code (UDC) for a property in a Single-Family 7 (SF-7) District and the Southside Residential Neighborhood Overlay (SRO) District.

For the purpose of comparing the proposed home to the existing single-family housing located adjacent to or in the vicinity of the subject property, staff has provided photos of the properties along Sherman Street and also provided the proposed building elevations in the attached packet. The approval of this request is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission and a finding that the proposed house will not have a negative impact on the existing subdivision.

## **NOTIFICATIONS**

On September 28, 2023, staff mailed 67 notices to property owners and occupants within 500-feet of the subject property. There were no Homeowners Associations (HOAs) within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff had not received any notices back regarding **the applicant's request**.

## **CONDITIONS OF APPROVAL**

If City Council chooses to approve **of the applicant's request** for a Specific Use Permit (SUP) for *Residential Infill in an Established Subdivision*, then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the Specific Use Permit (SUP) ordinance and which are detailed as follows:
  - (a) Development of the *Subject Property* shall generally conform to the *Residential Plot Plan* as depicted in **Exhibit 'A'** of the draft ordinance.
  - (b) Construction of a single-family home on the *Subject Property* shall generally conform to the *Building Elevations* depicted in **Exhibit 'B'** of the draft ordinance; and,
  - (c) Once construction of the single-family home has been completed, inspected, and accepted by the City, the Specific Use Permit (SUP) shall expire, and no further action by the property owner shall be required.
- (2) Any construction resulting from the approval of this Specific Use Permit (SUP) shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

## **PLANNING AND ZONING COMMISSION**

On October 10, 2023, the Planning and Zoning Commission approved a motion to recommend approval of the Specific Use Permit (SUP) by a vote of 7-0.

**TO:** Mayor and City Council

**DATE:** October 16, 2023

**APPLICANT:** Jeff Wolf; Nexcourt, Inc

**CASE NUMBER:** Z2023-047; *Specific Use Permit (SUP) for Tennis Court (Pickleball Court)*

### **SUMMARY**

Hold a public hearing to discuss and consider a request by Jeff Wolf of Nexcourt, Inc. on behalf of Rafael Hidalgo for the approval of a *Specific Use Permit (SUP) for Tennis Courts (Pickleball Courts)* on a 0.7940-acre parcel of land identified as Lot 3, Block B, Eagle Point Estates Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 10 (SF-10) District, situated within the Scenic Overlay (SOV) District, addressed as 1400 Ridge Road, and take any action necessary.

### **BACKGROUND**

Based on the City's annexation ordinances the subject property was annexed on July 6, 1959 by *Ordinance No. 59-02 [Case No. A1959-002]*. According to the City's *Historic Zoning Maps*, the subject property was zoned Single Family 2 (SF-2) District as of January 3, 1972. Between January 3, 1972 and May 16, 1983, this zoning designation was changed to a Single-Family 10 (SF-10) District. According to the Rockwall Central Appraisal District, currently situated on the subject property is a 3,927 SF single-family home built in 1986 and a 1,500 SF detached garage built in 1985.

### **PURPOSE**

The applicant -- *Jeff Wolf of Nexcourt, Inc* -- is requesting the approval of a Specific Use Permit (SUP) to allow for the construction of a *Pickleball Court*.

### **ADJACENT LAND USES AND ACCESS**

The subject property is addressed as 1400 Ridge Road. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property are two (2) vacant lots (*i.e. lots 1 & 2, Block B, Eagle Point Estates*), which are zoned Single-Family 10 (SF-10) District. Beyond this is a 0.81-acre tract of land (*i.e. Tract 27 of the D. Atkins Survey, Abstract No. 1*) developed with a single-family home that is zoned Single-Family 10 (SF-10) District.

South: Directly south of the subject property are five (5) lots (*i.e. 1402, 1404, 1406A, 1406B, 1408, 1410, and 1412 Ridge Road*), zoned Single-Family 10 (SF-10) District with single-family homes situated on them. Beyond this is Becky Lane, which is identified as a R2 (*i.e. residential, two [2] lane, undivided roadway*) on the *OURHometown Vision 2040 Comprehensive Plan*.

East: Directly east of the subject property is Ridge Road, which is classified as an A4D (*i.e. arterial, four [4] lane, divided roadway*) on the *OURHometown Vision 2040 Comprehensive Plan*. Beyond this is a 6.6458-acre parcel of land (*i.e. Lot 4, Block A, Rockwall Commons*), zoned Planned Development District 1 (PD-1) for Multi-Family 15 (MF-15) District and General Retail (GR) District land uses.

West: Directly west of the subject property is the Lake Ray Hubbard Estates Subdivision, which was established in 1973, consists of 65 single-family residential lots, and is zoned Single-Family 7 (SF-7) District. Beyond this is the corporate limits of the City of Rockwall followed by Lake Ray Hubbard.

## **CHARACTERISTICS OF THE REQUEST**

The applicant has submitted an application and concept plan proposing to construct a 30-foot by 60-foot (or 1,800 SF) *Tennis Court (Pickleball Court)* on the subject property. The proposed structure will be situated on a concrete pad. The applicant has also indicated that there will be one (1) 17-foot pole with one (1) NextGen III LED Shoebox Lights mounted to it which will include shields and face towards the existing home on the subject property.

## **CONFORMANCE WITH THE CITY'S CODES**

Article 13, *Definitions*, of the Unified Development Code (UDC) defines a *Tennis Court (Pickleball Court)* as “**(a) surface designed and constructed for playing the game of tennis along with all fencing, nets and related appurtenances but excluding lighting for night play in residential areas except as may be otherwise permitted.**” According to the *Permissible Use Charts* contained in Article 04, *Permissible Uses*, of the Unified Development Code (UDC) a *Tennis Court (Pickleball Court)* requires a Specific Use Permit (SUP) in a Single-Family 10 (SF-10) District.

According to Section 10-491, *Exterior Grounds*, Article XII, *Property Maintenance Code*, of the Municipal Code of Ordinances, “(e)xterior lights placed or erected on private property shall be directed down and shall be of an indirect, diffused, or shielded type luminaries and so installed as not to produce harsh, bright light or direct illumination across the property line from a visible source of illumination so as not to create a traffic hazard or a public nuisance.” The applicant has indicated that there will be lighting installed with the proposed *Tennis Court (Pickleball Court)* and has provided a photometric plan that shows general conformance to the property maintenance code.

## **STAFF ANALYSIS**

In this case, the applicant has stated that the proposed *Private Tennis Court (Pickleball Court)* is primarily intended to be used as a basketball court; however, since this structure will incorporate a pickleball court and lighting, the SUP for a *Private Tennis Court (Pickleball Court)* comes is required. Additionally, the SUP for a *Private Tennis Court (Pickleball Court)* allows for operational conditions including lighting standards. The applicant has indicated that there will be lighting installed with the proposed *Tennis Court (Pickleball Court)* and has provided a photometric plan that shows conformance to the property maintenance code, as mentioned earlier. Staff has provided an operational condition that requires the exterior lights to not exceed a maximum height of 17-feet and be placed or erected in a manner that is directed down and incorporate a shielded type of luminaire. In addition, the light shall be installed so as to not produce harsh, bright light or direct illumination across the property line from a visible source of illumination so as not to create a traffic hazard or public nuisance. With this being said, the Specific Use Permit (SUP) allows the Planning and Zoning Commission and City Council the ability review the full context of a request and grants them the discretion to approve or deny the request on a *case-by-case* basis.

When reviewing the location of the proposed structure, it does not appear to have a negative effect on the adjacent properties; however, when reviewing a *Private Tennis Court (Pickleball Court)*, other aspects of the request need to be reviewed such as nuisances like noise and lighting. In this case, pickleball can be a loud sport and with the addition of lighting, it can spill over to adjacent properties creating a potential nuisance. With this being said, the approval of a Specific Use Permit (SUP) is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

## **NOTIFICATIONS**

On September 22, 2023, staff mailed 70 notices to property owners and occupants within 500-feet of the subject property. Staff also notified the Waterstone Homeowner's Association (HOA), which was the only Homeowner's Association (HOA) or Neighborhood Organization within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff had received 20 responses from property owners and occupants *within* the 500-foot notification area indicating they were in opposition **of the applicant's request**.

NOTE: According to Subsection 02.03(G), *Protest of a Zoning Change*, of Article 11, *Development Applications and Review Procedures*, of the Unified Development Code (UDC), “(p)roperty owners adjacent to and within a radius of 200-feet of a property for which a zoning change or Specific Use Permit (SUP) is being considered have the right to file a written protest against the

request. The land area of this 200-foot radius includes public right-of-way, open space and parkland. Whenever such written protest is signed by the owners of 20% or more of the area of the lots or land included in the request, or of the lots or land immediately adjoining the same and within the above mentioned 200-foot radius ... such zoning change or Specific Use Permit (SUP) shall require a supermajority vote (*i.e. a three-fourths vote of those members present*), with a minimum of four (4) votes in the affirmative required for approval.” In accordance with this section of the Unified Development Code (UDC), staff has prepared a *For/Against Map* for the property owner notifications received within 200-feet of the subject property. Currently, the opposition to the applicant’s request equates to 27.1% of the total land area within 200-feet of the subject property. This means that this case will require a supermajority vote of the City Council for approval.

### **CONDITIONS OF APPROVAL**

If the City Council chooses to approve the applicant’s request for a Specific Use Permit (SUP) for a *Pickleball Court*, then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the Specific Use Permit (SUP) ordinance and which are detailed as follows:
  - (a) The *Private Tennis Court (Pickleball Court)* shall maintain conformance to the approved site plan depicted in Exhibits ‘A’ of this ordinance.
  - (b) Exterior lights placed or erected on the Private Tennis Court (Pickleball Court) shall not exceed a maximum height of 17-feet and be directed down. In addition, the lights shall be of the shielded type luminaries and installed so as to not to produce harsh, bright light or direct illumination across the property line from a visible source of illumination so as not to create a traffic hazard or public nuisance.
- (2) Any construction resulting from the approval of this Specific Use Permit (SUP) shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

### **PLANNING AND ZONING COMMISSION**

On October 10, 2023, the Planning and Zoning Commission approved a motion to recommend denial of the SUP by a vote of 7-0. According to Subsection 02.03(G), *Protest of a Zoning Change*, of Article 11, *Development Applications and Review Procedures*, of the Unified Development Code (UDC), if a zoning change “...is recommended for denial by the Planning and Zoning Commission, such zoning change or Specific Use Permit (SUP) shall require a supermajority vote (*i.e. a three-fourths vote of those members present*), with a minimum of four (4) votes in the affirmative required for approval.”

The property in question is already being used primarily as a SHORT TERM RENTAL unit. For my wife and I, the frustration is for two reasons.

1) As homeowners we made a conscious decision to move to this specific area of Rockwall. The neighborhood is very established with beautiful homes, amazing trees and long time residents. The homeowners here have long maintained their properties for the betterment of the neighborhood. From the upkeep of the front yards, the various renovations of the interiors and the refreshing of the exterior of many of the homes, this area as a whole has always sought to be better. Many of the original residents have changed over the years but the pride of ownership has always been consistent.

In our specific instance, we wanted to be part of THAT. We wanted to contribute and continue to be part of what makes this neighborhood amazing. The city of Rockwall is filled with so many of these great micro-communities. It is what has made Rockwall such a sought after part of the metroplex.

The owner of this property did not move here and take possession of that home with the same sense of purpose. It is not trying to add tennis courts to make this neighborhood better. They do not want to add the "party barn" to make the neighborhood better. Everything that are trying to do is made from a business perspective.

I'm a local business owner, and that brings me to my second issue.

2) We chose Rockwall to begin and have since, continued to base our business here in Rockwall. We obviously started a business to build a life for ourselves. However, we recognize that owning a business in any community has additional obligations. We have sought in Rockwall (and other communities where we do trade) to become an active part of the community and to maintain as well as make the city a whole, better.

We've done so by supporting local churches and local schools. We actively participate in causes that make our city better by way of sponsorship for local events and fundraising activities for charitable organizations. We strive to help residents sometimes on a micro level, with causes that may only be important to them, specifically.

We're a for profit business. We also realize that the entire community of Rockwall is why we have had our success. With that perspective is the why. We will continue to do our part to always make Rockwall better.

This home is being used as a business with the proposed courts and the rumored future "party barn" acting as enhancements. There's no underlying desire to make this neighborhood better. There's no desire to make our community better. And I'm pretty certain no one there is asking "... how could we give back?....".

There's definitely a space in Rockwall for those activities. Allowing them to happen in the middle of ANY neighborhood benefits literally no one other than that single homeowner.

That doesn't feel right.

1) P&Z Development document does not indicate if tall court lighting is to be installed; which would interfere with neighboring properties at night. 2) SUP is marked "Private" tennis court: P&Z needs to prove and publish that this is not a short term rental. Activities at Outdoor facilities at short-term rentals interfere at night with neighboring properties and degrade residential property values.

**RE: 1400 Ridge Road, Rockwall, Texas**

Dear Mr. Deckard, Commission Members and Mr. Miller:

My husband and I will be out of town and unable to attend the Oct 10th meeting and the November 16th City Council meeting therefore we are sending this letter with our concerns. Our home is located at 1404 Ridge Rd., and we are one residential property away from **1400 Ridge Rd.** We were recently contacted by a neighbor concerning this property and two issues. The first issue is the construction of a pickle ball court at 1400 Ridge Rd. and the second issue (same property) becoming a short-term rental (similar to an Airbnb or Bed and Breakfast).

I realize the purpose of this meeting is to focus on the construction of the pickle ball court; however, we cannot fail to mention the potential future use in order to make a realistic judgement on the current issue before the commission. The short-term rental property will have a dramatic impact on how the pickle ball court will be operated. This court will not be used like a single family-owned residential property, it will be used commercially as a business asset. There will be an onslaught of strangers, people we know nothing about - basically tourists. Our concerns are as follows:

- The court will increase noise in our neighborhood as pickle ball is a much louder sport than tennis. This is going to destroy the serenity of our property and our neighbors.
- The footprint for the pickle ball court is adjacent to a large garage (barn type) building on the property. Both the garage and court could possibly be used for a live entertainment area. There are no guarantees once constructed that it will be used as a pickle ball court.
- The construction will be an eye sore.
- Lighting for the court will be invasive for a residential area.
- The value of our home and our neighbor's home will be at risk. No one wants to live next to a pickle ball court and possibly a party house.

Who is going to oversee its use once the construction is complete? The answer is no one. Once the structure is complete there will be no accountability. If the owner did not obtain the required permit prior to construction, then the track record for responsible ownership is not starting off well!

Per an earlier discussion with Mr. Ryan Miller, he stated that Rockwall does not have any ordinances or restrictions in place for short term rentals in Rockwall. But you do have the designation "Bed and Breakfast" which is either not permitted or limited by a Specific Use Permit in residential areas. In fact, the abbreviation for Airbnb stands for air mattress bed and breakfast. With all the bad publicity about short term rentals in Dallas, the real question is do we want this in Rockwall for our neighborhoods?

Our neighborhood has well maintained properties, we have paid property taxes and some of us have paid business taxes for decades. Please consider the detrimental effect this pickle ball court and the short-term rental is bringing to our homes in this neighborhood. The renters that rent this 5000 plus square foot home are going to have the finances to not be concerned about losing a huge deposit due to damages to this house or property and they certainly are not going to be concerned about how this impacts our neighborhood. I guarantee you this will turn into a party house and ruin our neighborhood.

Sincerely,

Mr. and Mrs. Michael and Rella Rogers

Issue	Check points
Light Flickers	Check all wiring for disconnections, shorts and burnt wiring and connections. Confirm steady input voltage to the light fixture, fluctuating input voltage will harm the LED driver and can lead to premature failure. Lights with photocells can have photocell tag from ambient light or light reflecting back at the sensor. Simply cover the photocell completely and see if flickering continues while the photocell is covered. Call Tech Support for help if none of the above solves the issue.

**TO:** Mayor and City Council

**DATE:** October 16, 2023

**APPLICANT:** Clay Cristy; ClayMoore Engineering

**CASE NUMBER:** Z2023-048; *Specific Use Permit for a Restaurant with less than 2,000 SF with Drive-Through or Drive-In*

---

### **SUMMARY**

Hold a public hearing to discuss and consider a request by Clay Cristy of ClayMoore Engineering on behalf of Staci Bowen of Metroplex Acquisitions for the approval of a Specific Use Permit (SUP) for a *Restaurant with Less Than 2,000 SF with a Drive-Through or Drive-In* for the purpose of constructing a restaurant (*i.e. HTeaO*) on a 0.93-acre portion of a larger 5.16-acre parcel of land identified as Lot 13, Block A, Stone Creek Retail Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 70 (PD70) for General Retail (GR) District land uses, situated within North SH-205 Overlay (N. SH-205 OV) District, generally located at the northeast corner of the intersection of N. Goliad Street [*SH-205*] and Bordeaux Drive, and take any action necessary.

### **BACKGROUND**

The subject property was annexed into the City of Rockwall on May 19, 1986 by *Ordinance No. 86-37*. On December 7, 1993, the City's historic zoning map indicates the subject property was zoned **Agricultural (AG) District**. On April 2, 2007, the City Council approved a zoning change for the subject property changing the zoning designation from an Agricultural (AG) District to Planned Development District 70 (PD-70) [*i.e. Ordinance No. 07-13*] for limited General Retail (GR) District land uses. On October 5, 2020, the City Council approved a replat [*i.e. Case No. P2020-038*] that replatted the subject property as Lot 11, Block A, Stone Creek Retail Addition. On May 2, 2022, the City Council approved a replat [*i.e. Case No. P2022-013*] that established the subject property as a portion of Lot 13, Block A, Stone Creek Retail Addition. The subject property is currently vacant.

### **PURPOSE**

The applicant -- *Clay Cristy of ClayMoore Engineering* -- is requesting the approval of a Specific Use Permit (SUP) to allow for a *Restaurant with less than 2,000 SF with Drive-Through or Drive-In* on the subject property.

### **ADJACENT LAND USES AND ACCESS**

The subject property is generally located northeast of the intersection of N. Goliad Street [*SH-205*] and Bordeaux Drive. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject is a *Restaurant with less than 2,000 SF with a Drive-Through (i.e. Salad-n-Go)*. North of this is a *Restaurant with more than 2,000 SF with a Drive-Through (i.e. McDonald's)*. Beyond this is a *Retail Store with Gasoline Sales (i.e. Tom Thumb Gas Station)*. All of these properties are zoned Planned Development District 70 (PD-70) for limited General Retail (GR) District land uses

South: Directly south of the subject property is Bordeaux Drive, which is identified as a *A4D (i.e. major arterial, four [4] lane, divided roadway)* on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this is Phase 1 of the Stone Creek Subdivision, which is an 83.57-acre residential subdivision, zoned Planned Development District 70 (PD-70) for Single-Family 10 (SF-10) District land uses.

East: Directly east of the subject property is the remainder of a 5.16-acre parcel of land (*i.e. Lot 13, Block A, Stone Creek Retail Addition*) -- that includes the subject property --, which is currently vacant. East of this is Stone Creek Drive, which is identified as a *Minor Collector* on the **City's Master Thoroughfare Plan** contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this is Phases 2B & 6 of the Stone Creek Subdivision, which are zoned Planned Development District 70 (PD-70) for Single-Family 10 (SF-10) District land uses.

West: Directly west of the subject property is N. Goliad Street [*SH-205*], which is identified as a A4D (*i.e. major arterial, four [4] lane, divided roadway*) on the **City's Master Thoroughfare Plan** contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this are two (2) parcels of land (*i.e. 3069 and 3073 N. Goliad Street*), zoned Single-Family 16 (SF-16) District. Beyond this is Phase 6 of the Shores Subdivision, which consists of 70 lots and is zoned Planned Development District 3 (PD-3) for single-family land uses.

## **CHARACTERISTICS OF THE REQUEST**

The applicant has submitted an application and a concept plan requesting a Specific Use Permit (SUP) for a *Restaurant with less than 2,000 SF with Drive-Through or Drive-In* for the purpose of establishing a restaurant (*i.e. HTeaO*). The concept plan indicates that the proposed restaurant will be approximately 1,800 SF with a drive-through lane beginning on the south side of the building leading to a pick-up window. The request appears to meet all of the *Residential Adjacency Standards*, but will require to provide increased landscaping along N. Goliad Street [*SH-205*] to provide headlight screening.

## **CONFORMANCE WITH THE CITY'S CODES**

Article 13, *Definitions*, of the Unified Development Code (UDC), defines a *Restaurant with Drive Through or Drive-In* as “(a) place of business whose primary source of revenue is derived from the sale of prepared food to the general public for consumption on-premise or off-premises and/or in a personal vehicle or where facilities are provided on the premises that encourages the serving and consumption of food in a personal vehicle on or near the restaurant premises.” In this case, the **applicant's** proposed business -- *HTeaO* -- falls under this classification. According to Planned Development District 70 (PD-70) the subject property is required to meet the General Retail (GR) District land uses -- *with some exceptions* --, and according to the *Permissible Use Charts* contained in Article 04, *Permitted Uses*, of the Unified Development Code (UDC), a *Restaurant with Drive Through or Drive-In* requires a Specific Use Permit (SUP) in a General Retail (GR) District. The purpose of this requirement is to acknowledge that not all *Restaurant operations are appropriate within the City's* General Retail (GR) Districts, and that the City Council should have discretionary oversight with regard to the types of *Restaurant* operations and their impacts within these types of districts. In addition, Subsection 02.03(f)(9) places the following additional conditions on this land use:

- (1) Drive-through lanes shall not have access to a local residential street.
- (2) Additional landscape screening shall be installed adjacent to drive-through lanes to impair visibility and impact of headlights from motor vehicles in the drive-through lane on adjacent properties, rights-of-way, parks and open space.
- (3) Unless otherwise approved by the Planning and Zoning Commission, stacking lanes for a drive-through service window shall accommodate a minimum of six (6) standard sized motor vehicles.

The **applicant's request does appear to conform to the requirements stipulated by the Unified Development Code (UDC)**; however, staff has incorporated an additional condition that will require increased landscaping be planted along N. Goliad Street [*SH-205*] to provide headlight screening from N. Goliad Street [*SH-205*] and the adjacent properties. The Unified Development Code (UDC) requires headlight screening to be a minimum of three (3) feet in height. Staff requested this of the applicant, but the applicant has failed to provide the necessary changes on the submitted concept plan. Based on this, staff has added this as a condition of approval for this case.

## **STAFF ANALYSIS**

The intent of the General Retail (GR) District is to provide limited retail and service uses for nearby residential neighborhoods. Development in these areas should not include intensive commercial land uses that carry large volumes of retail traffic. Developments should also be adequately buffered and screened from residential land uses. Since the General Retail (GR) District is located close to residential areas, the development standards are typically more stringent and similar to the Residential-Office (RO) and Neighborhood Services (NS) Districts. All of these districts are intended to create a transition from

the adjacent residential neighborhoods to less intense non-residential land uses. When reviewing this case, the proposed land use does appear to be appropriate for this location due to the separation of the subject property from the nearby residential development and its proximity to N. Goliad Street [SH-205] (*which is identified as a M4D [major collector, four [4] lane, divided roadway] on the City's Master Thoroughfare Plan*). With this being said, approval of a Specific Use Permit (SUP) is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

## **NOTIFICATIONS**

On September 22, 2023, staff mailed 35 notices to property owners and occupants within 500-feet of the subject property. Staff also notified the Stone Creek **Homeowner's Association (HOA)**, which is the only HOA/Neighborhood Organization within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted staff had received one (1) notice in favor and two (2) notices in opposition, and one (1) notice both in favor and opposition to **the applicant's request**.

## **CONDITIONS OF APPROVAL**

If City Council chooses to approve **of the applicant's request** for a Specific Use Permit (SUP) for a *Restaurant with less than 2,000 SF with Drive-Through or Drive-In*, then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the Specific Use Permit (SUP) ordinance and which are detailed as follows:
  - (a) The development of the *Subject Property* shall generally conform to the Concept Plan as depicted in **Exhibit 'B'** of the SUP is ordinance.
  - (b) The development of the *Subject Property* shall generally conform to the Landscape Plan as depicted in **Exhibit 'C'** of this ordinance; however, additional landscaping shall be required around the dumpster enclosure, adjacent to N. Goliad Street [SH-205] -- *especially in the areas where headlights will be visible from the drive-through lane --*, and along the northern property line adjacent to the drive-through lane.
- (2) The applicant shall provide an updated landscape plan showing additional landscaping shall be required around the dumpster enclosure, adjacent to N. Goliad Street [SH-205] -- *especially in the areas where headlights will be visible from the drive-through lane --*, and along the northern property line adjacent to the drive-through lane. The applicant shall provide this landscape plan prior to the second reading of this case.
- (3) The applicant shall provide an updated landscape plan removing the crape myrtles and replacing it with a variety of accent tree that conforms to Appendix C, *Landscape Guidelines and Requirements*, of the Unified Development Code (UDC). The applicant shall provide this landscape plan prior to the second reading of this case.
- (4) Any construction resulting from the approval of this Specific Use Permit (SUP) shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

## **PLANNING AND ZONING COMMISSION**

On October 10, 2023, the Planning and Zoning Commission approved a motion to recommend approval of the Specific Use Permit (SUP) by a vote of 7-0.

Robin Mullins  
[REDACTED]

I am very much opposed to this. In our neighborhood the children have been kept at a safe distance from the retail shops and drive thrus made possible by the buffer roads keeping them on their internal tract. Stone Creek does not get the cars coming directly out of the drive thrus- the people undoubtedly digging in their laps looking for straws, unwrapping their first bites, wrestling with straw wrappers. Salad N Go's lanes have to maneuver out of the parking lot and around the establishment before reaching any actual street. McDonald's exit is out to Goliad or again through a mini maze before landing on a residential street belonging to Stone Creek.

By putting this drive thru establishment on the corner of Bordeaux, it will directly **NEGATIVELY** affect the safety of our children who ride bikes, walk dogs, drive golf carts, and walk to friends houses and to the swimming pool together.

Also, the turn there out of the neighborhood of Stone Creek out onto Goliad is hard enough as it is. I don't even let my new driver attempt it. Now we're going to add in those looking for a quick beverage- not the most patient group.

There is NOT that much of a need for tea. Salad N Go (LITERALLY right next door) offers specialty teas at affordable prices.

Seems redundant and the last thing we need is a failed business in a community that has just changed hands from it's developer into our own Neighborhood governing board. The visual appeal of our neighborhood has been a bone of contention recently and the homeowners are now working to regain control over retention ponds, etc.

Thank you for your attention,  
Robin Mullins- resident of Stone Creek with 3 children since 2014

I have witnessed several near accidents cars coming out from Salad to Go & McDonalds the traffic is congested. I foresee the traffic is create a major problem. This location is not conducive for a restaurant. Cars zoom speeding out of the fast-food businesses. The side road near Bordeaux behind the businesses doesn't have any speed limit signs posted.

## MEMORANDUM

---

**TO:** Honorable Mayor and Council  
**FROM:** Jeffrey Widmer, Director / Building Official  
**DATE:** October 16, 2023  
**SUBJECT:** Monument Sign Height and Size Variance Request

---

Rockwall Independent School District Executive Director William Salee has requested to appear before the City Council to seek a variance for the height and size of two new ninth grade center monument signs.

The City of Rockwall Sign Ordinance allows monument signs to be a maximum height of seven (7) feet and a maximum size of ninety-eight (98) square feet. Mr., Salee is requesting approval to allow their proposed signs to be eleven (11) feet high and one hundred and fifty-four (154) square feet in size to allow sufficient visibility of the proposed signs.

Director of Planning

Rockwall, TX 75087

**Rockwall ISD – Ninth Grade Campuses – Monument Sign Variance Request**

Mr. Miller,

The district is in need of submitting for a sign permit for the monument signs that will be located at the district's two future ninth grade campus locations along FM1141 (North) and John King Blvd (South). In review of the site conditions for each location and the city's sign ordinance there are two variances that the district would request city staff and the city council review and consider. Due to the site setbacks, construction of the landscape berms and associated landscape elements on the berms, the district wants to ensure the signs are visible as these will be the main entry markers for the site and also contain electronic message boards for general campus and district communications.

The variances the district is requesting for consideration are the following:

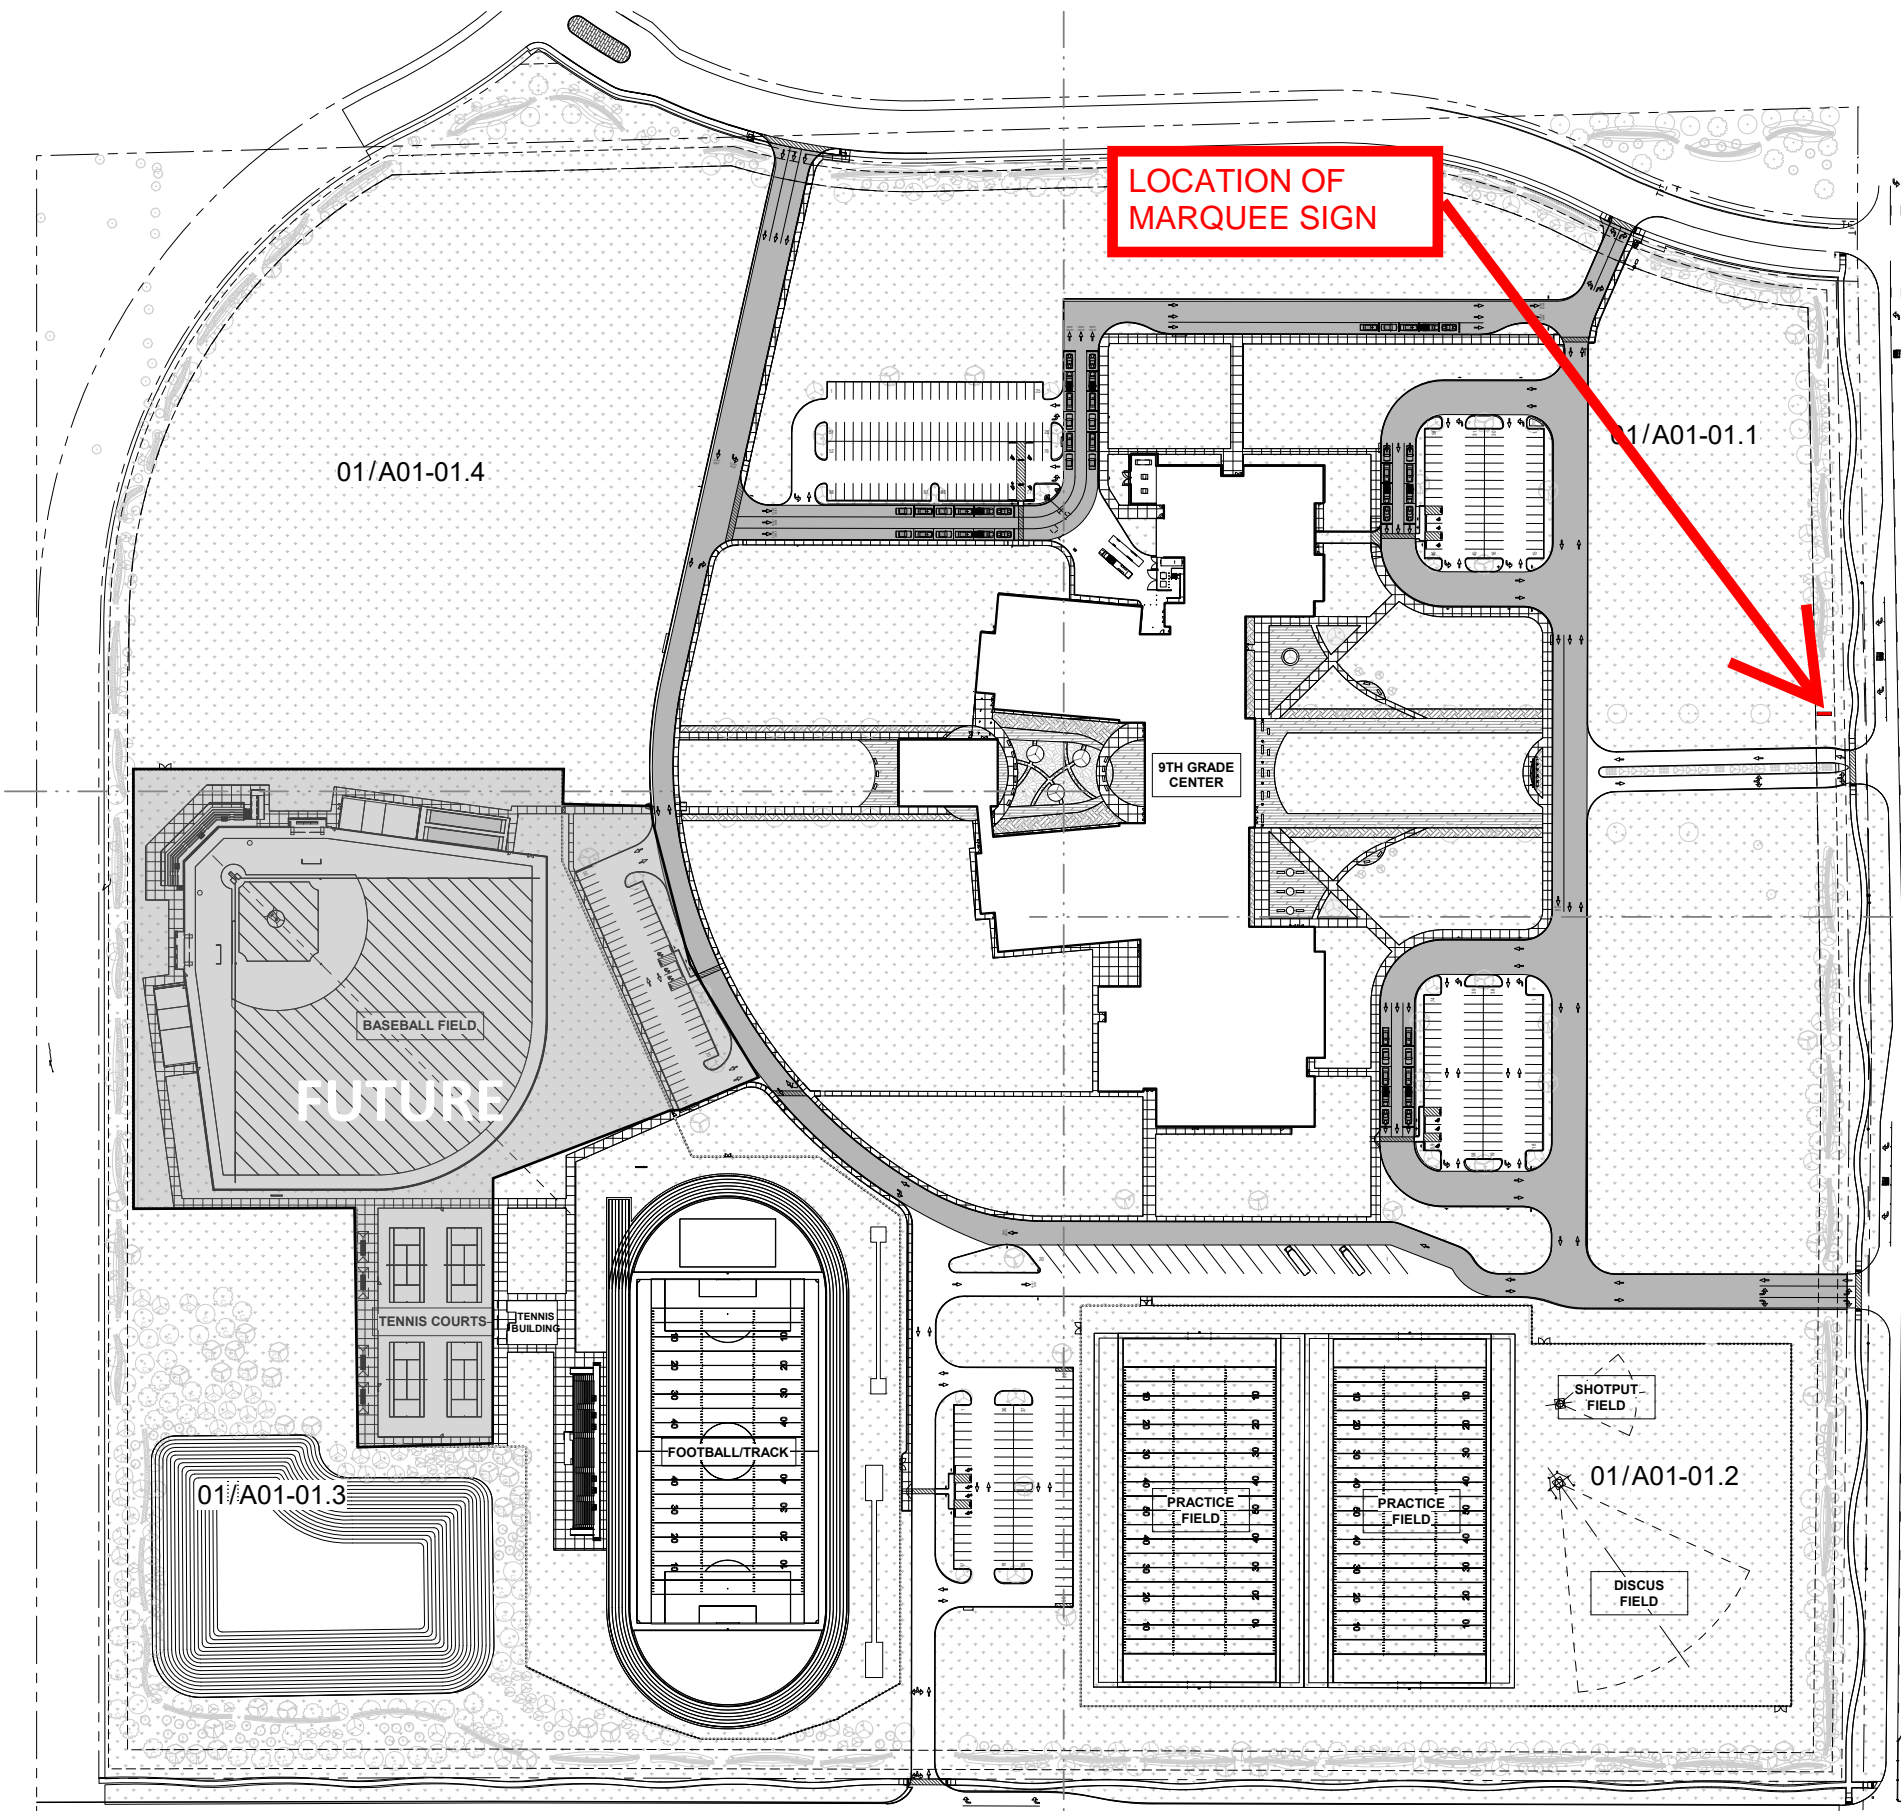

1. Sign structure square footage – The district requests that the sign structure allowable surface square footage be 154 sf per sign face. This would allow for the sign to have a base that provides adequate height so the sign is not blocked by berms or landscape. This will also help ensure the sign structure will have a proportional masonry surround to the size of the sign panel.
2. Monument sign height – The district requests that the overall sign structure allowable height be up to a maximum of 11'-0". This is in conjunction with the above request due to setbacks and berms. This would allow for the sign to contain an aluminum building lettering panel above the electronic sign for campus identification and have a base tall enough to allow sign visibility above the landscape berms.

The monument sign will comply with the required maximum size for the electronic message board and will be below the maximum 60 sf allowed. The sign structure will be constructed of the same stone, brick, phenolic wood panels, and cast stone materials used and approved for the building.

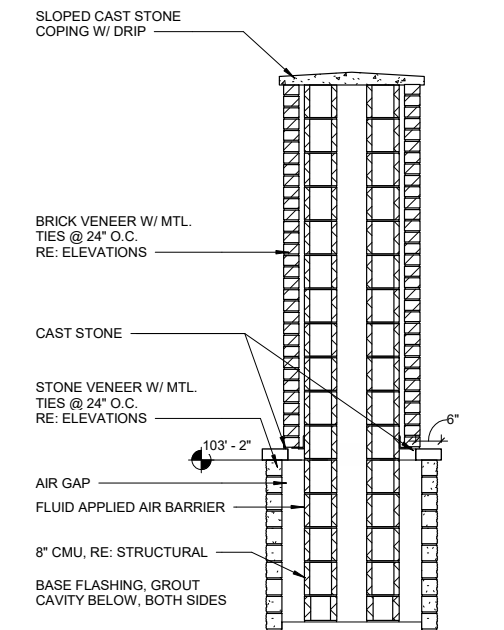

A handwritten signature in blue ink, appearing to read 'William C. Salee', is written over a white background.

**FROM: Mary Smith, City Manager**  
**DATE: October 16, 2023**  
**SUBJECT: SAFER Grant Award and Associated Local Costs**

---

The City was recently notified that we are the recipients of a second Staffing for Adequate Fire and Emergency Resources (SAFER) grant from FEMA. The grant will provide funding for 12 new Firefighters including their salary and most of their benefits for 36 months. The grant will reimburse expenses up to \$3,474,847 for those 3 years with no local match for the grant. This is the same grant we received in 2020. We have until October 20th to accept the grant and must have all 12 new firefighters on the payroll by no later than March 13<sup>th</sup>.

The grant will cover the salary of each firefighter along with payroll taxes, retirement, and health insurance. It will also cover FLSA Overtime and Certification pay plus the associated payroll taxes and retirement on that income. It also does not cover the up-front costs including uniforms, PPE, annual training costs, recruiting and the small amount of modification that will be needed to Station One to accommodate a bedroom there.

Chief Cullins believes that he can recruit and onboard the 12 new firefighters by the deadline and would plan to hire all 12 at the same time.

The FY2024 budget was adopted just days before we got notice of the grant award so the budget will need to be amended to include both the full cost of the new firefighters as well as the offsetting grant revenue. With the Chief's goal to hire by the funding date we would propose to amend 6.5 months of the revenues and expenses.

With the addition of these firefighters we need to revamp the command structure a bit and are proposing to add three Battalion Chief positions which would then cause openings at the Captain level with those filled by Drivers and the Driver openings filled by firefighters. These advancement opportunities are exciting and will benefit the City for the future. Those promotional increases will need to be amended into the FY2024 budget as well. This will necessitate a \$108,851 amendment to salaries and benefits.

Because the grant only covers certain expenses we've broken the total into expenses the Grant will include and those which will not be reimbursed. The annual costs are then broken down further for the 6.5 month FY2024 budget (**see following pages (2)**).

**ACTION:**

Council is requested to consider approval of the Grant acceptance and the necessary amendments to the FY2024 Fire Operations budget for the 6.5 months at \$881,665 (including promotions) and grant proceeds revenue of \$565,209. The potential impact was considered when writing the budget so these costs will not come out of reserves but are rather budgeted from current revenues.

## MEMORANDUM

---

**TO: Rockwall City Council**

**FROM: Joey Boyd, Assistant City Manager**

**DATE: October 12, 2023**

**SUBJECT: Office Space Lease Agreement / Renovation Budget**

---

The City of Rockwall has leased 7,150 SF of space in the Rockwall Technology Park since September 2021 where we moved the Rockwall Police Department Community Services office, Citizens on Patrol, the Traffic Unit, and other divisions of the police department. This space has provided the following benefits:

- Provides a Police Department location on the southern portion of the City now that the Interstate 30 reconstruction is underway, which is estimated to take up to 6 years to complete.
- Provides a Police Department presence in the Tech Park, providing further deterrence for criminal activity in this area.
- This site also serves as a backup IT network data center to the primary at the PD, and acts as a redundant site to run the city IT network, including finance, utilities and other important daily functions of the city in the event a natural disaster compromised or destroyed the main site on Rusk Street.
- The City Council approved purchase of a backup generator in July 2023 that will power the entire building upon loss of line power. Installation will take place in summer 2024.

The building owner, JBC Land & Cattle LLC, informed the City this spring that additional space is coming available when the current tenant vacates in November 2023. This space was studied and it was determined that it could benefit both the Rockwall Police and Fire Departments. It is proposed to move Fire Administration from Fire Station 1 and the Fire Marshal's Office from Fire Station 3 into a portion of this space, allowing for the existing space they use at the respective stations to be used for sleeping quarters for firefighters

recently approved in the SAFER Grant. And, being in the same building will allow these two functions to operate more smoothly.

The Police Department would be able to move other divisions and departmental functions to this location, including the Criminal Investigations Division, computer forensics, two Lieutenants, and the PD's training coordinator. This space would provide two interview rooms, and a more functional juvenile interview and holding room. The conference areas will provide greater space to manage criminal investigations in a more structured manner. Moving these functions from the existing police station allows for more space to be used by uniformed personnel.

Additionally, this space will provide an opportunity for the departments to grow into naturally over time as additional personnel is added while the City studies its current and future space requirements and develops a long-term comprehensive plan for city facilities. A comprehensive space plan is likely to take up to a year to complete. If a decision to call a bond election for new facilities were to be a result of a study, it is conceivable that planning, holding the election on a uniform election date, designing, bidding, and construction could take 6 to 7 years to occupy a new building if approved by voters. This assumes current inflationary economic conditions and supply chain issues become favorable in the near future.

Attached for City Council review and consideration is the office lease agreement for the Rockwall Police Department south location. The main points of the lease agreement are:

- The term is for 10 years, beginning on December 1, 2023 and ends on November 30, 2033.
- The City has a 180 day termination clause as well as the right to sublet or assign the space to a new tenant if we were to leave before the end of the term.
- The City will lease the entire 25,692 SF building, of which 23,080 SF will be used for multiple divisions of the Rockwall Police Department, Fire Department Administration, and the Fire Marshal's office.
- The City will sublease 2,612 SF of office space to the Rockwall Economic Development Corporation that they currently occupy. The REDC will pay their rent, pro-rated share of all taxes, insurance, and utilities and other related operating and common area maintenance costs to the City.
- Associated costs for rent, utilities, grounds maintenance were approved in the FY 2024 operating budget in September.
- The Landlord proposes to provide \$75,000 in tenant finish out allowance.
- The monthly base rent will be frozen in year eight of the agreement, and the City will pay the same monthly base rent amount for years 8-10

## Modifications of the New Space

If approved, there will need to be some modifications to the new space in order to separate the fire and police departments and secure areas shared among the departments. Security and technology upgrades will need to be made as well. Custard Construction has been selected to perform the necessary changes, which include the addition of walls, new paint, electrical, data cabling, fire protection, carpet repairs, moving / installation of doors and frames, and parking lot striping. The City has used Custard for other projects in recent years and they performed well with renovations to City Hall, The Center, and the Municipal Service Center. A contract for Custard Construction will be presented to the City Council at the next meeting for consideration upon approval of the contract with JBC and the project budget.

The City will use its existing vendors to complete access control and security measures along with IT network installation. The proposed project budget is:

Custard Construction -	\$213,725
Contingency -	\$25,000
Security Measures / Cameras / Access Control –	\$219,925
Technology (Data / Phone / Voice) -	\$50,000
Moving Furniture / Bldg. Supplies -	\$20,000
Miscellaneous Cleaning and Appliances	\$12,000
<b>Total:</b>	<b>\$540,650</b>

Funding sources are Landlord Tenant Finish Allowance, General Fund Reserves, and Seized Funds.

The City Council is asked to consider:

1. Approving the contract with JBC Land & Cattle LLC for lease of office space located at 2610 Observation Trail in Rockwall, authorizing the City Manager to execute the agreement on behalf of the City.
2. Approve a project budget in the amount of \$540,650 for building modifications, information technology, and security measures.

If a conflict exists between the Basic Lease Information and the provisions below, the provisions below will control.

1. Rent. Tenant will pay Landlord, without demand, setoff or deduction except as otherwise expressly provided herein, a base monthly rental (the "Base Rent") as specified on Exhibit "B" of this Lease, attached hereto

and incorporated herein by this reference. The Base Rent will be due on the first (1st) day of each calendar month during the Term. Tenant will pay all amounts due to Landlord under this Lease at the address specified in the Basic Lease Information or elsewhere as designated from time to time in written notice from Landlord to Tenant; and all amounts payable by Tenant under this Lease in addition to Base Rent are additional rentals, excluding only any amounts expressly designated as not being rent.

2. Renewal Terms. Intentionally deleted.

3. Use of the Leased Premises. Tenant will use and occupy the Premises continuously throughout the Term for the Permitted Use specified in the Basic Lease Information and for no other purpose. Tenant must use and maintain the Premises in a clean, careful, safe and proper manner and in compliance with all applicable laws (including environmental protection laws), ordinances, orders, rules and regulations of all governmental bodies pertaining to Tenant's use thereof. Tenant will not in any manner deface or injure the Premises or overload the floors of the Building; and Tenant must pay Landlord on demand, within 5 days of written notice therefor, for any damage occurring to the Premises during the Term for which Tenant is responsible hereunder and which Tenant fails to repair in accordance with the provisions of this Lease. Tenant will conduct its business and occupy the Premises and will control its agents, employees, licensees and invitees in a manner that will not create any nuisance or unreasonably interfere with, annoy or disturb any of the owners or occupants of surrounding properties. Notwithstanding anything to the contrary contained in this Lease, Tenant shall not be responsible for (a) the repair of any damage caused by Landlord or any other occupant of the Project not claiming through Tenant or any of their respective agents, employees, licensees, contractors and invitees, (b) the remediation of any environmental hazard or condition that is not caused by Tenant or its agents, employees, licensees, contractors or invitees, or (c) making any alterations to the Premises or any other part of the Project to comply with any applicable laws, ordinances, orders, rules and regulations of any governmental body that is not necessitated by Tenant's specific use of the Premises.

4. Condition and Acceptance of the Leased Premises. The occupancy of the Premises by Tenant shall constitute the acknowledgment and agreement of Tenant that Tenant has inspected the Premises, that Tenant is fully familiar with the physical condition of the Premises, that Tenant has received the same in good order and condition and that the Premises comply in all respects with the requirements of this Lease and are specifically suitable to Tenant's purpose. LANDLORD AND TENANT AGREE THAT LANDLORD MAKES NO WARRANTIES WHATSOEVER, WHETHER EXPRESS OR IMPLIED, CONCERNING THE REPAIR OR CONDITION OF THE PREMISES OR THE FITNESS OR SUITABILITY OF THE PREMISES FOR TENANT'S INTENDED USE, OTHER THAN AS EXPRESSLY SET FORTH IN THIS LEASE. TENANT HEREBY EXPRESSLY AND SPECIFICALLY WAIVES ALL SUCH WARRANTIES THAT ARE NOT EXPRESSLY SET FORTH HEREIN. TENANT HEREBY ACCEPTS THE PREMISES "AS IS, WHERE IS" WITH ALL FAULTS, SUBJECT TO THE EXPRESS REPRESENTATIONS AND WARRANTIES OF LANDLORD SET FORTH HEREIN AND THE MAINTENANCE OBLIGATIONS OF LANDLORD IN THIS LEASE.

5. Payment of Taxes and Insurance. Tenant will pay to Landlord, as additional rent in addition to the Base Rent, Tenant's Proportionate Share (hereafter defined) of all "Taxes" and "Insurance Costs" (both as defined below). For purposes hereof, "Tenant's Proportionate Share" means the percentage calculated by dividing the total square footage of the Premises by the total leasable square footage of the Building. During the Term of this Lease, Tenant shall pay monthly to Landlord, simultaneously with the delivery of Base Rent, an amount equal to 1/12<sup>th</sup> of Landlord's good faith estimate of (i) Tenant's Proportionate Share of the annual Taxes due for the applicable tax year, and (ii) the annual Insurance Costs for the applicable calendar year. The amount being paid hereunder shall be recalculated on the anniversary of the Commencement Date during the Term of this Lease based upon Landlord's good faith estimate of the actual or estimated Taxes or Insurance Costs expected to be incurred during the ensuing 12 months, but any such recalculation shall not be effective until 30 days after Tenant's receipt of written notice thereof. For any partial calendar year during which this Lease is effective, Tenant's Proportionate Share of Taxes and Insurance Costs will be prorated accordingly. As used herein, "Taxes" shall mean all taxes and assessments, special or ordinary, and all other impositions of every kind and nature whatsoever (including, without limitation, any transit tax, sewer rents, impact fee, and school district assessments), which may be levied, assessed, charged or imposed upon the Project or any personal property owned or leased by Landlord and used therewith, together with all fees and costs incurred by Landlord for the purpose of contesting or protesting the amounts or rates of Taxes. Taxes shall not include any income,

excess profit, franchise, capital stock, estate or inheritance tax payable by Landlord except as specifically provided in the next sentence. If at any time during the Lease Term the method of taxation prevailing at the Commencement Date shall be altered so that any new or additional tax assessment, levy, imposition, or charge, or any part thereof, shall be imposed in place or partly in place of any Taxes or contemplated increase therein, including without limitation any tax, assessment, levy, imposition or charge on Rent, then all such taxes, assessments, levies, impositions or charges shall be deemed to be Taxes for the purpose hereof, to the extent that such Taxes would be payable if the Project was the only property of Landlord subject to such tax. If any assessments constituting Taxes are or may be payable to the applicable taxing authority in installments over more than one calendar year then, to the extent permitted by its lender, Landlord shall cause such Taxes to be paid in installments, and only those installments (plus any interest thereon) payable during a calendar year in which the Lease Term falls shall be included in Taxes for such calendar year in which payment is due. Otherwise, Taxes "for" a calendar year shall be deemed to refer, at Landlord's option, either to Taxes payable in such calendar year or to Taxes levied, assessed or otherwise accrued or imposed for such calendar year without regard to when such Taxes are payable. Taxes shall not include interest and penalties for late payment, except to the extent that such penalty or interest is attributable to Tenant's failure to remit on a timely basis Tenant's Pro Rata Share of Taxes. If such interest or penalty is attributable solely to Tenant's failure to remit Tenant's Pro Rata Share of Taxes, then Tenant shall be solely responsible for payment of such interest and/or penalty. If such interest or penalty is attributable to such failure by Tenant and to other tenants' failure to pay their pro rata share of Taxes, Tenant shall pay its proportionate share of the amount of such interest and/or penalty. As used herein, "Insurance Costs" means all costs and expenses incurred by Landlord for insurance covering the Premises, in such amounts and with such companies as it shall deem advisable in its commercially reasonable discretion, considering the nature, size and location of the Project, including, without limitation, all premiums due under insurance covering the Project in an amount not less than ninety percent (90%) (or such greater percentage as may be necessary to comply with the provisions of any co-insurance clauses of the policy) of the "replacement cost" thereof as such term is defined in the Replacement Cost Endorsement to be attached thereto, insuring against perils of Fire, Lightning, Extended Coverage, Vandalism and Malicious Mischief, extended by Special Extended Coverage Endorsement to insure against all other Risks of Direct Physical Loss. All such coverages and endorsements shall be as defined, provided and limited in the standard bureau forms prescribed by the insurance regulatory authority for the State of Texas for use by insurance companies admitted in such state for the writing of insurance on risks located within such state. All amounts paid by Tenant based on Landlord's estimate shall be subject to adjustment as provided in Paragraph 7 of this Lease when actual Taxes and Insurance Costs are available for each calendar year.

6. Maintenance and Repairs.

(a) **Landlord's Maintenance.** Landlord shall, at its cost and expense (i) maintain the foundation and exterior walls (excluding windows, glass or plate glass and entry doors), (ii) the roof (including skylights); (iii) all structural and load bearing elements of the Building and (iv) fire suppression systems located within and/or serving the Building or any part thereof in good condition and repair. Tenant shall give Landlord written notice of the need for repairs within the Premises promptly after Tenant becomes aware of such condition.

(b) **Tenant's Maintenance.** Except as provided in Paragraph 6(a), Tenant will, at its own expense, keep the Premises in good and safe order, condition and repair and in compliance with all applicable laws (including environmental laws), ordinances, orders, rules and regulations of all governmental bodies and in a clean and sanitary condition, including (i) windows, plate, glass or plate glass and entry doors, (ii) gutters and downspouts, (iii) all water lines, sewage lines and plumbing, mechanical, electrical, heating and air conditioning systems and equipment, (iv) the interior surfaces of the ceilings, walls and floors, all interior doors, and all furnishings and special items and equipment installed by or at the expense of Tenant and (v) the Common Areas. Tenant shall be responsible for its own janitorial service and for the maintenance, repair and replacement of any supplemental HVAC equipment separate from the main HVAC system for the Building installed by Tenant and solely serving the Premises. Landlord acknowledges and agrees that Tenant may use its own employees for Tenant's janitorial and maintenance of the Premises.

7. Intentionally Deleted.

8. Utilities.

(a) Landlord will at all times during the Term furnish to Tenant at the Premises (i) normal water, wastewater and electricity service sufficient for general office use at the Premises, and (ii) HVAC at such temperatures and in such amounts as are standard for comparable buildings in the vicinity of the Building.

(b) Landlord shall use reasonably diligent efforts to restore any service required of it that becomes unavailable; however, no interruption or malfunction of any utility service caused by factors beyond Landlord's control shall constitute an eviction or disturbance of Tenant's use or possession of the Premises or a breach by Landlord of any of Landlord's obligations hereunder or render Landlord liable or responsible to Tenant for any damage which Tenant may sustain or incur or entitle Tenant to be relieved from any of Tenant's obligations hereunder, including, without limitation, the obligation to pay rent, or grant Tenant any right to set-off, abatement, or recoupment. The failure by Landlord to furnish, or any slowdown, stoppage or interruption of, any utility service resulting from causes beyond the control of Landlord, including without limitation, Landlord's compliance with any voluntary or similar governmental or business guidelines now or hereafter published or any requirements now or hereafter established by any governmental agency, board or bureau having jurisdiction over the operation of the Building, shall not render Landlord liable in any respect for damages to either persons, property, or business, or be construed as an eviction of Tenant or work an abatement of rent, nor relieve Tenant of Tenant's obligations for fulfillment of any covenant or agreement hereof. Notwithstanding the foregoing, if Tenant is prevented from using the Premises because of the unavailability of any such service for a period of five (5) consecutive days following Landlord's receipt from Tenant of a written notice regarding such unavailability, the restoration of which is within Landlord's reasonable control, and such unavailability was not caused by Tenant or a governmental directive, then Tenant shall be entitled to a reasonable abatement of rent for each consecutive day (after such 5-day period) that Tenant is so prevented from using the Premises. If such interruption continues for a period of 30 consecutive days or more, then Tenant may terminate this Lease with no penalty by written notice to Landlord delivered at any time prior to the restoration of the interrupted services, whereupon neither party shall have any further obligations hereunder (except for any obligations expressly surviving such termination hereunder).

(c) Tenant will directly establish accounts with utility providers and pay all costs and expenses incurred for water, wastewater and electricity used at the Project (collectively, the "Utility Costs"). For any partial calendar year during which this Lease is effective, Tenant's obligation for Utility Costs will be prorated accordingly.

9. Alterations and Additions. Tenant shall not make any alterations, additions or improvements to the Premises without the prior written consent of Landlord. Tenant, at its own cost and expense, may erect such shelves, bins, machinery and trade fixtures as it desires provided that: (a) such items do not alter the basic character of the Premises or the Building and/or improvements of which the Premises are a part; (b) such items do not overload or damage the same; (c) such items may be removed without injury to the Premises; and (d) the construction, erection or installation thereof complies with all applicable governmental laws, ordinances, regulations and with Landlord's specifications and requirements. All alterations, installations, removals and restoration shall be performed in a good and workmanlike manner so as not to damage or alter the primary structure or structural qualities of the Building and other improvements situated on the Premises. All alterations, additions and improvements made to or fixtures placed in the Premises (other than movable office furniture and equipment not attached to the Building and Tenant's trade fixtures) will be deemed a part of the Building and the property of Landlord when placed in the Premises

10. Signs. Any signage Tenant desires for the Premises shall be subject to Landlord's written approval and shall be submitted to Landlord prior to the commencement date of this Lease; provided, however, that Landlord hereby approves Tenant's current exterior monument sign at the Project and agrees that Tenant shall be permitted to maintain such sign, at no additional cost to Tenant, for the duration of this Lease. Tenant shall not (i) make any changes to the exterior of the Premises, (ii) install any exterior lights, decorations, balloons, flags pennants, banners or painting, or (iii) erect or install any signs, windows or door lettering, placards, decorations or advertising media of any type which can be viewed from the exterior of the Premises, without Landlord's prior written consent, which consent shall not be unreasonably withheld. All signs, decorations, advertising media, blinds, draperies and other window treatment or bars or other security installations visible from the outside of the Premises shall conform in all respects to the criteria established by the Landlord.

11. Mechanic's Liens. Nothing in this Lease constitutes the consent or request of Landlord, express or implied, to any contractor, subcontractor, laborer or materialman for the performance of any labor or the furnishing of any materials for any specific improvement, alteration or repair to the Premises. Nor does anything herein contained or in any other agreement made by Landlord and Tenant in connection with this Lease give Tenant any right, power or authority to contract for or permit the rendering of any services or the furnishing of any materials that would give rise to the filing of any mechanic's or other liens against the interest of Landlord in the Premises. If any lien is filed against the Premises because of work performed, materials supplied or an obligation incurred by or at the request of (or alleged request of) Tenant, then Tenant will within 45 days after filing cause the same to be discharged of record or bond around the same in accordance with Section 53.171 et. seq. of the Texas Property Code, or any successor provision. If Tenant fails to discharge or bond around the lien within such period, then, in addition to any other right or remedy of Landlord, Landlord may (but will not be obligated to) discharge the same either by paying the amount claimed to be due or by procuring the discharge by deposit in court or bonding. Any amount paid by Landlord to discharge the lien, and all reasonable legal and other expenses of Landlord, including reasonable attorneys' fees, in defending any such action or in or about procuring the discharge of the lien will be repaid by Tenant on demand.

12. Project Property and Liability Insurance. (a) Tenant, at its own expense, will procure and maintain throughout the Term and any extensions or renewals of the Term, (i) property insurance for the Project for full replacement cost insuring against perils of Fire, Lightning, Extended Coverage, Vandalism and Malicious Mischief, extended by Special Extended Coverage Endorsement to insure against all other Risks of Direct Physical Loss, (ii) worker's compensation and comprehensive general liability insurance, including contractual liability endorsement, against claims for bodily injury, death and/or property damage occurring in or resulting from the Premises, including injury, death and/or damage caused by the condition of or any defect in the Premises. The policies evidencing such insurance must be in broad form reasonably satisfactory to Landlord, must name Landlord as (and any mortgagee designated by Landlord) as loss payee under the property insurance and as an additional insured under all liability insurance, must be issued by insurance companies reasonably acceptable to Landlord, and in the case of liability insurance must afford immediate protection to the limit of not less than \$1,000,000 inclusive for each occurrence. With respect to each policy evidencing such insurance, Tenant will deliver a certificate evidencing the same to Landlord upon written request. In addition, Tenant will obtain and deliver to Landlord a written obligation on the part of each of its insurance companies to notify Landlord at least fifteen (15) days prior to any cancellation of or material change to such insurance. If Tenant fails to comply with these requirements relating to insurance beyond any applicable notice and cure period, then, in addition to any other right or remedy of Landlord, Landlord may (but will not be obligated to) obtain such insurance and charge Tenant the premium cost thereof.

(b) Notwithstanding the foregoing, Landlord acknowledges that Tenant is a political subdivision of the State of Texas and therefore holds sovereign immunity and statutory limitations of liability under Texas law. Accordingly, the Tenant shall have the right to use the Texas Municipal League Intergovernmental Risk Pool ("*TMLIRP*") as the insurance carrier for Tenant's insurance obligations under Section 12 of this Lease, provided Tenant is able to obtain insurance coverage from TCRMF satisfying all of the requirements set forth herein. In the event that TMLIRP, at any time during the Lease Term: (i) has become insolvent, (ii) is likely to become insolvent, (iii) is no longer able to provide the applicable insurance coverage prescribed in this Lease, Tenant shall have thirty (30) days to obtain insurance coverage from a new insurance carrier for Tenant's insurance obligations under this Lease.

13. Indemnification. Landlord will indemnify and hold Tenant harmless from all fines, suits, costs and liability of every kind arising because of: (a) any violation or nonperformance by Landlord of any representation or covenant contained in this Lease; and (b) any bodily injury, death and/or property damage occurring on the Project to the extent caused by the negligence or willful misconduct of Landlord or any of its agents, employees, contractors, licensees or invitees; provided, however, that the foregoing indemnity by Landlord shall not be applicable to the extent that any fines, suits, costs and/or liabilities are caused by the negligence or willful misconduct of Tenant or any of its agents, employees, contractors, licensees or invitees.

14. Insurance of Tenant Personal Property. Tenant accepts responsibility for keeping all personal property and equipment in the Premises adequately insured.

15. Casualty Damage.

(a) Tenant will give Landlord prompt written notice of any damage to the Premises. If during the Term the Premises is so damaged by fire or other casualty that it substantially interferes with Tenant's use of or access to the Premises, to an extent repairable within 90 days ("Repair Period") from the date of such casualty, in the reasonable estimation of Landlord's contractor, and neither Landlord or Tenant elects to terminate this Lease as hereinafter provided, then Landlord shall forthwith proceed with reasonable diligence to repair all damage to the Premises but not damage to Tenant's alterations or personal property. During the Repair Period, this Lease shall continue in full force and effect, provided that Tenant's rent shall abate in whole or in part depending upon the extent to which such damage and/or such repair shall deprive Tenant access to or the use of the Premises. If such casualty causes damage to the Project so that repairs costing in excess of \$1,500,000 are required, in the reasonable estimation of Landlord's contractor, or if any mortgagee of Landlord's should require that the insurance proceeds payable as a result of fire or other casualty be applied to the payment of debt secured by a lien on the Project, then Landlord shall notify Tenant in writing thereof within thirty (30) days after Landlord receives written notice of such damage to the Premises and either Landlord or Tenant may terminate this Lease by notifying the other thereof within thirty (30) days after Landlord's delivery of such notice. Subject only to the holdover provisions in Paragraph 18 below, Tenant shall have no obligation for rents or other charges accruing after any termination of this Lease pursuant to this Paragraph. If neither party elects or has the right to terminate this Lease pursuant to this Paragraph, Landlord will commence and proceed with due diligence to restore the Building (but not Tenant's alterations, trade fixtures and personal property located on the Premises) during the Repair Period to the extent that such restoration is reasonably possible. If Landlord is unable or unwilling to fully restore the Building (but not Tenant's alterations, trade fixtures and personal property located on the Premises) during the Repair Period, then Tenant shall have the right to terminate this Lease by written notice to Landlord at any time after the expiration of the Repair Period and prior to Landlord's completion of such restorations.

(b) Notwithstanding anything in the other Paragraphs of this Lease (including, without limitation, Paragraph 4 above) to the contrary, Landlord and Tenant each waive any right of recovery against the other, and the other's agents, officers, or employees, for any damage or loss to the Building or its contents resulting from fire or other "casualty" (as defined in subparagraph (a) above). However, without limiting any waivers in other Paragraphs of this Lease, the waiver set out in this paragraph shall be effective insofar, but only insofar, as compensation for such damage or loss is actually recoverable by the waiving party (net of the costs of collection) under a valid and collectible insurance policy; provided, that if no such compensation is available to the waiving party because it has failed to maintain an insurance policy covering such damage or loss with an insurance company qualified to do business in Texas and with a replacement cost endorsement (if such endorsement is available), then the waiver set out in this paragraph shall not be limited to available insurance proceeds.

16. Eminent Domain.

(a) If the whole or any portion of the Premises materially necessary to Tenant's use thereof is taken for any public or quasi-public use, by right of eminent domain or otherwise, or should be sold in lieu of such taking, then this Lease will terminate as of the date when title to the Premises or the applicable portion vests in the condemning authority, and any Base Rent or additional rent paid for the period after such termination shall be refunded to Tenant. Following any such taking or sale of any portion of the Premises, if this Lease is not terminated pursuant to the immediately preceding sentence, the Base Rent payable by Tenant will be reduced in proportion to the square footage of the Building taken (if any) and Landlord will restore the Premises to the extent feasible; provided, however, Landlord will not be required to spend more for such restoration than the net proceeds of the taking or sale available to Landlord.

(b) All damages awarded for any taking of all or any part of the Premises under the power of eminent domain and all proceeds from any sale in lieu of such taking will be paid to Landlord, whether designated as compensation for the diminution in value of Tenant's leasehold or for the fee of the Premises. However, Landlord will not be entitled to any separate award made to Tenant for loss or damage to Tenant's removable personal property and trade fixtures and/or the relocation thereof. Nor will Landlord be entitled to any award made to Tenant because of the interruption of Tenant's business, unless the award is combined with or reduces an award for the diminution in value of Tenant's leasehold.

17. Surrender Upon Termination.

(a) Subject only to Tenant's express rights set forth in Paragraph 19, upon the expiration or termination of this Lease, whether caused by lapse of time or otherwise, Tenant will immediately surrender possession of the Premises to Landlord in as good a condition as existed on the date hereof, reasonable wear and tear excepted and excepting damage due to casualty or condemnation or for which Tenant is not otherwise liable hereunder. Tenant will also deliver to Landlord all keys to the Premises. If possession is not immediately surrendered, Landlord may enter and take control of the Premises and remove Tenant and any other person who may be occupying them.

(b) All alterations, additions or improvements made to the Premises by or on behalf of Tenant (except trade fixtures and as otherwise expressly provided herein) will remain on the Premises without compensation to Tenant. Upon the termination of this Lease for any reason, Landlord may require Tenant to remove any alterations made to the Premises after the Commencement Date without the prior written consent of Landlord at Tenant's sole cost and expense. Landlord acknowledges that Tenant has the option during the term of the agreement to install a police evidence processing room that will include various building modifications and specialized ventilation equipment. Landlord acknowledges and agrees that Tenant will not be required to remove such improvements made with Landlord's consent upon the expiration or termination of this Lease.

(c) Tenant may remove any furniture, trade fixtures and any movable equipment installed by it upon the termination of this Lease. Such removal must be accomplished in a good and workmanlike manner so as not to damage the Premises. All furniture, trade fixtures and equipment not promptly removed when this Lease is terminated will be presumed abandoned by Tenant and Landlord may, at its option, take possession of such property and either declare it to be abandoned by notifying Tenant thereof, or remove it and store it or dispose of it at Tenant's expense, by written notice delivered to Tenant within 30 days after such termination.

18. Holdover. Subject to the limitations herein and so long as Tenant has not committed a default under this Lease, Tenant shall have the right, for a period not to exceed 30 days after the expiration of the term of this Lease, to hold the Premises after the expiration of this Lease without the written consent of Landlord, provided Tenant must, throughout the entire holdover period pay Base Rent at a rate of 150% of the rate applicable immediately prior to the holdover period. Nonetheless, holding over by Tenant after the expiration or other termination of the Term will not be construed to extend the Term. Tenant agrees to indemnify Landlord against all claims for damages resulting from any delay by Landlord in delivering possession of the Premises to another tenant or prospective tenant caused by Tenant's holding over if Landlord has advised Tenant thereof by delivery of written notice to Tenant at least 30 days prior to the end of the Term. Any holding over with the written consent of Landlord will convert this Lease to a lease from month-to-month, subject to all the terms and conditions contained herein.

19. Assignment and Subletting. (a) Tenant shall have right to assign or sublet the Premises; provided however, that such assignment or subletting will be limited to the permitted uses. Tenant may not pledge or encumber the Lease without Landlord's approval.

(b) An assignment or subletting shall not relieve Tenant from any covenant, liability or obligation hereunder (whether past, present or future) and Tenant shall remain liable under this Lease as a principal and not as a surety.

(c) Tenant shall provide Landlord with at least fifteen (15) days prior written notice of any assignment or subletting.

20. Transfers by Landlord. Landlord retains the right to transfer, in whole or in part, the Project and all of Landlord's rights and obligations under this Lease. Upon the transfer of all of Landlord's rights and obligations under this Lease, Landlord's obligations hereunder shall cease for all obligations accruing from and after the date thereof, provided any successor landlord agrees in writing to be bound by all of the terms and conditions of this Lease.

21. Estoppel Certificate. Tenant will, at any time and from time to time during the Term, within fifteen (15) days after requested by Landlord, execute, acknowledge, and deliver a statement in form satisfactory to Landlord

certifying, to the extent accurate: (i) that Tenant is in possession of the Premises under the terms of this Lease; (ii) that this Lease is unmodified and in full force (or, if there have been modifications, that this Lease is in full force as modified and setting forth the modifications); (iii) the dates to which the rent has been paid; (iv) that to the knowledge of Tenant no default exists under this Lease (or specifying all defaults of which Tenant has knowledge); and (v) other matters as may be reasonably requested by Landlord. Any such statement by Tenant may be relied upon by any prospective purchaser or mortgagee of the Project or any interest therein, and as between Tenant and such prospective purchaser or mortgagee, the statement will be binding upon Tenant for all purposes.

22. Quiet Enjoyment. Subject to the other provisions in this Lease and, specifically, to the condition that Tenant pay all rent when due and keep and fulfill all of the terms, covenants, agreements and conditions to be performed by Tenant, Tenant will peaceably and quietly enjoy the Premises during the Term without any disturbance from Landlord or from any other person lawfully claiming by, through or under Landlord, but not otherwise.

23. Subordination. This Lease is subject and subordinate to any mortgage or deed of trust which now or may in the future affect the Land or any interest of Landlord in the Building, and to all increases, renewals, modifications, consolidations, replacements, and extensions thereof. This Paragraph is self operative. No further instrument is required to effect the subordination of this Lease to any such mortgage or deed of trust. In confirmation of the subordination, however, Tenant agrees to execute, acknowledge, and deliver promptly any certificate or instrument reasonably requested by Landlord that evidences the subordination. Tenant agrees that if proceedings are brought for the foreclosure of any such mortgage or deed of trust or if the Project is sold in lieu of foreclosure, Tenant will attorn to the purchaser at the foreclosure or sale in lieu thereof upon the purchaser's request, so long as the purchaser agrees in writing to be bound by all of the terms and conditions of this Lease and not to disturb Tenant's possession of the Premises so long as Tenant is not in default hereunder beyond any applicable notice and cure period. Tenant will recognize such purchaser as the landlord under this Lease if the purchaser elects to keep this Lease in effect, provided that such purchaser has provided Tenant with the executed written agreement described in the immediately preceding sentence. This Lease and all rights of Tenant are further subject and subordinate to all other existing title matters that affect the Premises, including all utility easements and agreements; provided, however, that Landlord represents and warrants to Tenant that no such title matters shall impair Tenant's occupancy and use of the Premises as contemplated by this Lease.

24. Certain Rights Reserved by Landlord. Landlord has the following rights, exercisable without causing an eviction (constructive or actual) or disturbance of Tenant's possession of the Premises and without giving rise to any claim for setoff or abatement of rent:

(a) after giving Tenant twenty-four (24) hours' advance written notice (except in the event of an emergency presenting an immediate danger to persons and/or property, when no notice shall be required), to enter upon the Premises at reasonable hours to inspect, clean or make repairs or alterations (without implying any obligation to do so except as otherwise provided by this Lease) and to show the Premises to prospective lenders or purchasers or, during the last four (4) months of the Term, prospective tenants, provided that any such entry by Landlord shall not unreasonably interfere with Tenant's operations in the Premises; and

(b) to reasonably approve the weight, size and location of safes and other heavy equipment and articles in the Premises and to require that all such items and all furniture be moved into and out of the Building in the manner reasonably directed by Landlord (movements of Tenant's property into or out of the Building and within the Building are entirely at the risk and responsibility of Tenant).

25. Default by Tenant. The occurrence of any one of the following events will be an event of default by Tenant under this Lease:

(a) Tenant shall fail to pay Landlord, within ten (10) days after receiving written notice of delinquency from Landlord, any rental or other sum of money required under this Lease; provided, however, Landlord shall only be obligated to provide two such written notices of delinquency in any one calendar year (and thereafter, failure to pay any rental or other sum of money required under the Lease shall be an event of default without notice to Tenant).

(b) Tenant shall fail to perform or observe any term, covenant or condition of this Lease or any other agreement with Landlord which affects the Premises (other than a failure to timely pay rent or other charges) and Tenant shall not cure the failure within thirty (30) days after notice thereof is given by Landlord, provided, however, that if any such default cannot be cured within thirty (30) days, then Tenant shall have sixty (60) additional days to cure such default under the circumstances, provided Tenant diligently pursues same to completion.

(c) Tenant shall become insolvent, or shall admit in writing its inability to pay its debts when due, shall make a transfer in fraud of its creditors, or shall make a general assignment or arrangement for the benefit of creditors, or all or substantially all of Tenant's assets or Tenant's interest in this Lease are levied on by execution or other legal process.

(d) A petition shall be filed by Tenant to have Tenant adjudged a bankrupt, or a petition for reorganization or arrangement under any law relating to bankruptcy shall be filed by Tenant, or any such petitions shall be filed against Tenant and shall not be removed within sixty (60) days.

(e) A receiver or trustee shall be appointed for all or substantially all the assets of Tenant or for Tenant's interest in this Lease.

## 26. Remedies of Landlord.

(a) The various rights, elections and remedies of Landlord contained in this Lease are cumulative. Upon the occurrence of any event of default by Tenant, Landlord shall have the option, without any notice to Tenant (except as expressly provided below) and with or without judicial process (but subject to all applicable legal requirements), to pursue any one or more of the following remedies:

(i) Landlord may terminate this Lease, in which event Tenant shall immediately surrender the Premises to Landlord.

(ii) Landlord may enter upon and take custodial possession of the Premises by picking the locks if necessary, lock out or remove Tenant and any other person occupying the Premises and alter the locks and other security devices at the Premises, all without Landlord being deemed guilty of trespass or becoming liable for any resulting loss or damage and without causing a termination or forfeiture of this Lease or of the Tenant's obligation to pay rent.

(iii) Landlord may enter the Premises and take possession of and remove any and all personal property situated in the Premises, without liability for trespass or conversion. If Landlord takes possession of and removes Tenant's personal property from the Premises, then until Tenant reclaims the property, Landlord may (but shall not be required to) store such personal property in a public warehouse or elsewhere at the cost of and for the account of Tenant without the resort to legal process and without becoming liable for any resulting loss or damage.

(iv) Landlord may perform on behalf of Tenant any obligation of Tenant under this Lease which Tenant has failed to perform, and the cost of the performance will be deemed additional rental and will be payable by Tenant to Landlord upon demand.

Landlord's pursuit of any remedy specified in this Lease will not constitute an election to pursue that remedy only, nor preclude Landlord from pursuing any other remedy available at law or in equity, nor constitute a forfeiture or waiver of any rent or other amount due to Landlord as described below.

(b) In the event Landlord enters and takes possession of the Premises without causing a termination of this Lease, Landlord may relet the Premises on such terms as Landlord deems advisable. Landlord will not be required to incur any expense to relet the Premises and the failure of Landlord to relet the Premises shall not reduce Tenant's liability for monthly rentals and other charges due under this Lease or for damages. Landlord will not be obligated to relet for less than the then market value of the Premises or to relet the Premises when other comparable rental space

offered by Landlord is available. Without causing a termination or forfeiture of this Lease after an event of default by Tenant, Landlord may: (i) relet the Premises for a term or terms to expire at the same time as, earlier than, or subsequent to, the expiration of the Term; (ii) remodel or change the use and character of the Premises; (iii) grant rent concessions in reletting the Premises if necessary in Landlord's judgment, without reducing Tenant's obligation for rentals specified in this Lease; and (iv) relet all or any portion of the Premises as a part of a larger area. Subject to the next subparagraph (c), Landlord may retain the excess, if any, of the rent earned from reletting the Premises over the rentals specified in this Lease.

(c) No re-entry or reletting of the Premises or any filing or service of an unlawful detainer action or similar action will be construed as an election by Landlord to terminate or accept a forfeiture of this Lease or to accept a surrender of the Premises after an event of default by Tenant, unless a written notice of such intention is given by Landlord to Tenant; but notwithstanding any such action without such notice, Landlord may at any time thereafter elect to terminate this Lease by notifying Tenant.

(d) Upon the termination of this Lease because of an event of default by Tenant, Landlord will be entitled to recover all unpaid rentals that have accrued through the date of termination plus the costs of performing any of Tenant's obligations (other than the payment of rent) that should have been but were not satisfied as of the date of such termination. In addition, Landlord will be entitled to recover, not as rent or a penalty but as compensation for Landlord's loss of the benefit of its bargain with Tenant, the difference between (i) an amount equal to the present value of the rent and any other sums that this Lease provides Tenant will pay for the remainder of the Term and for the balance of any then effective extension of the Term, and (ii) the present value of the net future rentals for such period that will be or with reasonable efforts could be collected by Landlord by reletting the Premises.

(e) After an event of default by Tenant, Landlord may recover from Tenant from time to time and Tenant shall pay to Landlord upon demand, whether or not Landlord has relet the Premises or terminated this Lease, (i) such expenses as Landlord may incur in recovering possession of the Premises, terminating this Lease, placing the Premises in good order and condition and altering or repairing the same for reletting; and (ii) all other expenses, commissions and charges incurred by Landlord in exercising any remedy or as a result of the event of default by Tenant.

(f) In the event that any future amount owing to Landlord or offsetting an amount owing to Landlord is to be discounted to present value under this Lease, the present value shall be determined by discounting at the rate of six percent (6%) per annum.

(g) This Paragraph 27 shall be enforceable to the maximum extent not prohibited by applicable law, and the unenforceability of any provision in this Paragraph shall not render any other provision unenforceable.

(h) Notwithstanding anything in this Lease to the contrary all amounts payable by Tenant to or on behalf of Landlord under the Lease, whether or not expressly denominated as rent, shall constitute rent for the purposes of Section 502(b)(7) of the Bankruptcy Code, or any successor or substitute statutes.

27. Late Payment Charge. In the event Tenant fails to pay any rent specified in this Lease within five (5) days after it is due, Tenant agrees to pay to Landlord as a late payment charge an amount equal to five percent (5%) of the rent in arrears.

28. No Waivers. No waiver by Landlord or Tenant of any provision of this Lease will be deemed a waiver of any other provision or of any subsequent breach by the other party. Landlord's consent to or approval of any act will not be deemed to render unnecessary the obtaining of Landlord's consent to or approval of any subsequent act by Tenant. Landlord's acceptance of rent will not constitute a waiver of any preceding breach by Tenant of this Lease, regardless of Landlord's knowledge of the preceding breach at the time Landlord accepts the rent. Any payment by Tenant or receipt by Landlord of a lesser amount than the Base Rent and additional rental stipulated in this Lease will be deemed to be on account of the earliest stipulated rental. Notwithstanding any endorsement or statement on any check or any letter accompanying any check or payment of Base Rent or additional rental, Landlord may accept such check or payment without prejudice to Landlord's right to hold the Tenant in default and recover the balance of

any Base Rent or additional rental due and pursue any other remedy provided in this Lease. Landlord's failure to take any action in regard to Tenant's default, regardless of how long, will not constitute a waiver of such default. Any waiver of Tenant's default must be in writing and signed by Landlord. Any written waiver by Landlord will constitute a waiver only in the specific circumstances described in the waiver.

29. Default by Landlord.

(a) All covenants of Tenant in this Lease are independent covenants, not conditioned upon Landlord's satisfaction of its obligations hereunder, except to the extent otherwise specifically provided herein.

(b) If Landlord defaults in the performance of any of its obligations under this Lease, it will have thirty (30) days to cure after Tenant notifies Landlord in writing of the default; or if the default is of a nature to require more than thirty (30) days to remedy, Landlord will have the time reasonably necessary to cure it, provided Landlord commences the cure within such thirty (30) day period and thereafter diligently pursues the cure to completion.

(c) Tenant agrees to serve a notice of claimed default or breach by Landlord upon the lender (if any) holding a first mortgage or deed of trust against the Premises (herein called "Landlord's Mortgagee") if Tenant has been advised in writing of the name and address of such lender. Notwithstanding anything to the contrary contained herein, Tenant will not exercise any right to terminate this Lease because of a default by Landlord before allowing Landlord's Mortgagee the same period following such notice to cure the default or breach as is allowed Landlord. But this subparagraph (c) will not be interpreted as creating or broadening any right of Tenant to terminate this Lease because of a default by Landlord.

(d) The liability of Landlord to Tenant for any default by Landlord under the terms of this Lease is limited to the interest of Landlord in the Project, including rent and other proceeds derived therefrom, it being intended that Landlord not be personally liable for any judgment or deficiency.

30. Attorneys' Fees. If, because either party fails to cure a breach of this Lease within any permitted cure period, the other party incurs attorneys' fees, then the breaching party will reimburse the other party for such reasonable fees upon demand.

31. Notices. Any notice or document required or permitted to be delivered under this Lease must be in writing and will be deemed to be delivered, whether actually received or not, (a) three business days after being postmarked by the U. S. Postal Service, postage prepaid, registered or certified mail, return receipt requested, (b) upon first attempted delivery if sent by FedEx, UPS or other national overnight courier, all charges prepaid, or (c) upon delivery by electronic mail if also sent by national overnight courier in accordance with subitem (b) (provided that any e-mail sent after 5:00 p.m. Central time shall be deemed to have been delivered on the next business day), in all cases addressed to the parties at their respective addresses as set out in the Basic Lease Information, or at such other address as they specify by written notice delivered in accordance with this Paragraph.

32. Time of Essence. Time is of the essence with respect to the performance of every provision of this Lease in which time of performance is specified.

33. Severability. A determination that any term or provision of this Lease, or the application thereof to any person or circumstance, is invalid or unenforceable, will not affect the remainder of this Lease or the application of such term or provision to persons or circumstances other than those as to which it is invalid or unenforceable.

34. Authority. Tenant will deliver to Landlord, upon written request, reasonable evidence that the execution and delivery of this Lease has been duly authorized and properly executed by Tenant.

35. Recordation. Tenant hereby agrees that it will not file this Lease in the real property records.

36. Successors and Assigns. The conditions, covenants and agreements contained in this Lease will be binding upon and, subject to the provisions as to assignment and subletting, inure to the benefit of the parties, their respective heirs, executors, administrators, successors and assigns.

38. No Merger. There shall be no merger of this Lease or of Tenant’s leasehold estate with the fee estate in the Premises by reason of the fact that the same person may acquire or hold, directly or indirectly, both all or any interest in this Lease or the leasehold estate and all or any interest in the fee estate.

39. Construction. Tenant acknowledges that it has read and negotiated this Lease in its entirety and is familiar with and understands all its terms and provisions. Accordingly, Tenant agrees that if a dispute arises, this Lease will not be construed in favor of either party, nor shall the authorship of this Lease be a factor in any such construction.

40. Survival. All obligations of Tenant hereunder not fully performed as of the expiration or earlier termination of the Term shall survive the expiration or earlier termination of the Term, including without limitation, all payment obligations with respect to Taxes and Insurance and all obligations concerning the condition and repair of the Premises.

41. Environmental Liability.

Section 1317, Section 1004 of the Federal Resource Conservation and Recovery Act, 42 U.S.C. Section 6901, et seq., and the Comprehensive Environmental Response Compensation and Liability Act, 42 U.S.C. Section 9601, et seq., or any successor or substitute statutes.

(b) The term “Hazardous Substances”, as used in this Lease, shall mean pollutants, contaminants, toxic or hazardous wastes, or any other substances, the removal of which is required or the use of which is restricted, prohibited or penalized by any “Environmental Laws”.

(c) Tenant agrees that (i) no activity will be conducted on the Premises that will produce any Hazardous Substances, (ii) the Premises will not be used in any manner for the storage of any Hazardous Substances except for the storage of ordinary cleaning products commonly used in office environments (the “Permitted Materials”), provided such Permitted Materials are properly stored in a manner and location meeting all Environmental Laws; (iii) no portion of the Premises will be used as a landfill or a dump, (iv) Tenant will not install any underground tanks of any type, and (v) Tenant will not permit any Hazardous Substances to be brought onto the Premises except for the Permitted Materials, and if so brought or found located thereon, the same shall be immediately removed, with proper disposal, and all required cleanup procedures shall be diligently undertaken pursuant to all Environmental Laws.

This Lease shall not be amended or added to in any way except by written instruments executed by both parties or their respective successors in interest.

45. Tenant Reserved Parking. For so long as this Lease remains in effect, notwithstanding anything to the contrary contained in this Lease, (a) Tenant and its agents, employees and invitees shall have the exclusive right to use the parking spaces in the Common Areas, and (b) Tenant shall have the right to mark any or all of such spaces as reserved for use by Tenant with a sign (and any replacements thereof in the event any such signs are damaged or destroyed).
